A MESSAGE FROM THE PRESIDENT

Dear Bobcat Community,

Creating and maintaining a learning, living, and working environment where all Bobcats feel safe and secure is essential to Texas State University’s mission. This Annual Security and Fire Safety Report contains information about our safety and security policies, procedures, and programs implemented to protect the welfare of our university community. It also provides crime statistics for the three most recent calendar years concerning crimes that occurred on TXST campuses. Not only is this report required by the Clery Act, but it is an important tool in helping our community stay informed.

We have made significant progress building a model Clery Act Program at TXST, and our important work in this area will continue on behalf of current and future Bobcats. I am committed to your safety and to the security of our campuses. Let’s work together to make TXST a place where all Bobcats thrive, grow, and learn.

Kelly Damphousse,
President
All policy statements contained in this report apply to the San Marcos, Round Rock, and Advanced Law Enforcement Rapid Response Training (ALERRT) Center campuses unless otherwise indicated.

A MESSAGE FROM THE TEXAS STATE UNIVERSITY CLERY ACT COMPLIANCE COMMITTEE

We are pleased to distribute the 2023 Annual Security and Fire Safety Report (ASFSR) for the San Marcos, Round Rock, and ALERRT Center campuses of Texas State University (Texas State). The ASFSR is prepared annually in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) and subsequent amendments specified in the Higher Education Opportunity Act (HEOA) and the reauthorization of the Violence Against Women Act (VAWA).

The Texas State Clery Act Compliance Committee is an interdisciplinary team comprised of members from the University Police Department; Environmental, Health, Safety, Risk and Emergency Management; the Division of Student Success; Human Resources; Department of Athletics; Institutional Compliance and Ethics; and the Division of Academic Success. The ASFSR is an overall guide for many safety and security policies at Texas State and can serve as a guide regarding education and prevention programs in which all community members are invited to attend. The ASFSR also provides crime and fire statistics for the 2020-2022 calendar years for your review.

The committee’s focus is on the safety and well-being of our students, staff, faculty, and visitors. It guides our work every day. Texas State works diligently to reduce the risk and potential for crime and other hazardous situations. However, despite all our efforts, crimes and other hazardous situations may occur. Safety and security are institutional responsibilities shared by all. We strive to collaborate with our community members to contribute to the safety and security of our campuses. We ask all to live by the motto: “If you see something, say something.”

If you have any questions about this publication, please contact Institutional Compliance and Ethics at 512-245-4961.
ACCESSIBILITY TO INFORMATION AND NON-DISCRIMINATION STATEMENT

Texas State is committed to creating and maintaining an educational community in which everyone is respected, appreciated, and valued. Texas State provides equal opportunity and access to all qualified persons. Texas State, to the extent not in conflict with federal or state law, prohibits discrimination on the basis of race, color, national origin, age, sex, religion, disability, veterans’ status, sexual orientation, gender identity, or gender expression.

Texas State complies with Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in educational programs or activities; Title VII of the Civil Rights Act of 1964 (Title VII), which prohibits sex discrimination in employment; and the Campus Sexual Violence Elimination Act.

All complaints related to sexual misconduct or discrimination should be reported to the Office of Equal Opportunity and Title IX at (512) 245-2539 or via the discrimination report form https://compliance.txst.edu/oeotix/discrimination.html or sexual misconduct reporting form https://cm.maxient.com/reportingform.php?TexasStateUniv&layout_id=10.

PROHIBITION ON RETALIATION

Texas State takes reports of sexual misconduct very seriously and will not tolerate retaliation against those who make such reports or participate in the investigatory or adjudicatory process. Texas State or any person associated with the university may not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or university policy, or because the individual has made a complaint or report, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under policy. Any person who believes she or he has been subjected to retaliation should immediately report this concern to the Title IX Office.

REPORTING CRIMES AND OTHER EMERGENCIES

All members of the Texas State community and all visitors are encouraged to accurately and promptly report potential criminal activity, suspicious behavior, and any emergencies on campus, on public property running through or immediately adjacent to the campus, or in other property that is owned or controlled by Texas State to the Texas State UPD at 512-245-2805. Emergencies may be reported by dialing 911 from any cell phone, campus landline, or via the emergency phones located on campus. 911 calls from campus landlines on the San Marcos campus are connected directly to Texas State UPD Dispatch as are calls from the emergency phones. 911 calls from cell phones are received by the City of San Marcos Police Department and transferred immediately to Texas State UPD Dispatch. Additionally, 911 calls received from campus landlines at the Round Rock campus are connected directly to Texas State UPD Dispatch. 911 calls from cell phones are received by the Round Rock Police Department and transferred to Texas State UPD Dispatch. 911 calls received from campus landlines and cell phones at the ALERRT Center campus are connected directly to the City of San Marcos Police Department and transferred to Texas State UPD Dispatch.

RESPONSE TO REPORTED INCIDENTS

Dispatchers are available at the respective telephone number listed, 24 hours a day, to answer your calls. In response to a call, Texas State UPD will review reports of alleged criminal activity and either dispatch an officer immediately or ask the victim to report to Texas State UPD to file an incident report. All criminal incidents are investigated by Texas State UPD. Texas State UPD response(s) include, but are not limited to:

- Immediate response to emergencies through dispatch of one or more officers.
- Investigation of reports in accordance with Texas State UPD procedures.
- Arrest and filing of charges, depending upon the circumstances of the incident.
- Referring alleged offenders to appropriate campus agencies, such as the Dean of Students Office.
- Requesting assistance from the San Marcos Police Department, Hays County Sheriff’s Office, the San Marcos Fire Department, or any other appropriate unit.
- If a sexual assault or rape occurs, staff on scene, including Texas State UPD, will offer the victim a wide variety of services.

Texas State encourages accurate and prompt reporting of all crimes to the campus Texas State UPD and/or appropriate police agencies when the victim of a crime elects to or is unable to make such a report.

Members of the Texas State community should report crimes and emergencies to Texas State UPD, Primary CSAs (see chart on next page) and/or the Clery Act Compliance Officer at cleryreport@txstate.edu to be assessed for issuing timely warning notices or emergency notifications, and for inclusion in the annual crime statistics. The university encourages its professional counseling and appropriate health services staff to inform persons seeking their services of the opportunity to report crimes on a voluntary, confidential basis for inclusion in the university’s annual disclosure of crime statistics. This process is employed at the discretion of the professional counseling and health services staff, as they deem appropriate.

REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES

Texas State expects that campus community members accurately and promptly report all crimes and other emergencies directly to the Texas State UPD at 911. In some cases, when crime reports are not emergencies, it is understood that individuals may want to report crimes to other campus offices such as the Office of Equal Opportunity and Title IX. Additionally, if an individual prefers not to report a crime to law enforcement, they may report crimes to another designated CSA for purposes of including crime reports in the annual statistical disclosures and assessing them for issuing a Timely Warning Notice, when deemed necessary. CSAs designated as preferred receivers of reports include offices or individuals listed in the chart above. Note clerical and maintenance staff for offices listed are not CSAs. All other personnel are designated as CSAs.

PASTORAL AND PROFESSIONAL COUNSELORS

While Texas State requests that all crimes on its campuses be reported promptly, the university supports professional and pastoral counselors’ professional obligations not to disclose or report certain incidents according to respective professional ethics.

- **Pastoral Counselor:** An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

- **Professional Counselor:** An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community, and who is functioning within the scope of his or her license or certification.

Should a professional or pastoral counselor determine that police involvement and reporting is needed, the Texas State UPD will work with the counselor to respond appropriately. Texas State encourages pastoral and professional counselors to notify individuals they are counseling about the option to report crimes on an anonymous or confidential basis for inclusion in the annual statistical disclosure of crime statistics. Additionally, Texas State is not required to provide a timely warning with respect to crimes reported to pastoral or professional counselors.

VOLUNTARY, CONFIDENTIAL REPORTING

The Texas State UPD encourages anyone who is the victim or witness of any crime to promptly report the incident to the police. As noted earlier, Texas State does allow individuals to report crimes on a **confidential, voluntary basis** although police reports are public records under state law; thus, Texas State UPD cannot hold reports of crime in confidence. Reports of criminal activity given to CSAs and reports of crimes made to local law enforcement agencies are requested and included in the Annual Security Report as required by the Clery Act. Individuals may report to CSAs without including personally identifying information. However, all CSAs are also Responsible Employees under Title IX, and must report information involving sexual misconduct, dating violence, and stalking, including information about the identity of the victim and the accused, to the Title IX Coordinator. Additionally, Confidential Reporters (Attorney for Students, Health Care Providers, the Student Health Center, and Counseling Services) are required to report aggregate data to the Title IX Coordinator. Lastly, reports made to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, if and when they deem it appropriate, of the procedures to confidentially report crimes to CSAs. For Clery compliance purposes, all CSAs are required to provide crime data and may omit personally identifiable information if the victim does not want police intervention. We will collect data for statistical purposes only.
ABOUT THE TEXAS STATE UNIVERSITY POLICE DEPARTMENT

Texas State UPD is a law enforcement agency that operates 24 hours a day, 7 days a week, 365 days a year. As the university’s principal provider of safety and security for students, faculty, staff, and visitors, part of Texas State UPD’s mission is to facilitate a safe and inclusive learning and working environment by providing a high level of safety and professionalism.

LAW ENFORCEMENT AUTHORITY

Texas State UPD police officers are commissioned as peace officers and are certified under the requirements of the Texas Commission on Law Enforcement. Officers are sworn with full powers, privileges, and immunities as peace officer, with arrest authority and mandated to enforce all applicable federal and state laws, as well as local ordinances. In addition, rules and regulations issued by Texas State University System may be enforced by Texas State UPD on all property within the jurisdiction of the university. Texas State UPD police officers are granted jurisdictional authority by Texas Education Code 51.203. Texas State UPD has jurisdiction in all counties in which property is owned, leased, rented or otherwise under the control of the Texas State University System. Texas State UPD’s jurisdiction includes the City of San Marcos, the City of Round Rock, Hays County, and Williamson County, but focus their primary response and attention to crimes or incidents occurring on Texas State property or adjacent streets and crimes involving the university as the object of the offense. Investigations of offenses occurring on campus are generally conducted by Texas State UPD, but assistance from local law enforcement agencies is requested when necessary. The Texas State UPD regularly assists local law enforcement agencies when requested and participates in training with other local, state, and federal law enforcement agencies. In support of large events, the university may hire police officers from area agencies. These officers exercise full arrest authority while on campus during these events.

Texas State UPD public safety officers have no arrest authority. Contracted security officers and crowd management staff, hired by Texas State as supplemental staff at large events, do not have arrest authority. The UPD public safety officers have the authority to enforce university policies and procedures, but not Texas laws. They report any law violations to Texas State UPD Officers for appropriate action. The jurisdiction of the UPD public safety officers is limited to Texas State University owned and controlled property.

SAFETY, OUR #1 PRIORITY

Through the teamwork of the university community, Texas State consistently strives to be among the safest in the nation. We work to achieve this by developing a partnership with students, administrators, faculty, staff and surrounding communities. With a university population of more than 40,000, the Texas State campuses reflect the communities they serve and are not immune to societal impact.

Preventing or reducing crime in any community is challenging. Success in crime prevention and safety at Texas State depends in large part on the education and participation of the campus community. The campus community is provided information about safety programs and services, but individuals should be advised they are responsible for their own security and safety.

Each year, the university publishes this annual report containing campus security and crime statistics. The report provides information for reporting crimes, important university policies and procedures, law enforcement authority on the campuses, and support services for victims of crimes. Also, the Texas State UPD maintains an online Daily Crime and Fire Log accessible at https://www.police.txst.edu/programs-and-services/60-day-Crime-and-Fire-Log.html or in person at Texas State UPD located in the Pecan Building on the San Marcos Campus during normal business hours from 8:00 a.m. – 5:00 p.m., Monday through Friday, excluding holidays.

Texas State is committed to providing a safe environment conducive to an educational mission; thus, any conduct that is prohibited by state, federal, or local law is subject to discipline under the provisions of policies stated in the Texas State Policy Manual, the Texas State University System (TSUS) Policy Manual, and the Student Handbook, as appropriate. The university monitors and may report to law enforcement agencies illegal conduct of students, faculty, or staff that occurs on university premises or off-campus locations. University officials may refer any evidence of illegal activities to the proper local, state, or federal authorities for review and potential prosecution.

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

Texas State UPD maintains mutual aid agreements with San Marcos PD, Hays County Sheriff’s Office, and Williamson County Sheriff’s Office to facilitate interagency cooperation in the investigation of criminal offenses and response to other public safety incidents occurring on the campuses or throughout the region. The department maintains formal and informal liaisons with various local, state, and federal law enforcement agencies in support of campus security and safety efforts. In addition to strong working relationships and collaboration with these local law enforcement agencies, Texas State UPD works with the Austin Regional Information Center (ARIC). ARIC is our area’s regional law enforcement fusion center, which synthesizes information and provides analyses to affected agencies. ARIC represents local, county, state, and federal agencies. Texas State UPD also works closely with both the Texas Department of Public Safety and law enforcement at the Texas Parks and Wildlife Department.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT NON-CAMPUS LOCATIONS

Monitoring and recording will be done through local police agencies of criminal activity at non-campus locations of student organizations officially recognized by the university, including student organizations with non-campus housing facilities within the agency’s jurisdictions.

Texas State UPD does not provide law enforcement response to non-campus properties owned or controlled by registered student organizations. Regular contact between Texas State UPD and local law enforcement agencies is maintained to aid in the tracking of criminal activities. Texas State UPD obtains information from the agencies about criminal activity at properties owned or controlled by registered student organizations. For purposes of reporting the data,
the term “non-campus buildings” includes areas owned or controlled by registered student organizations. However, Texas State UPD has no responsibility for security policies, procedures, or safety at these locations. The Round Rock and ALERRT Center campuses do not have student organizations with non-campus locations at their sites.

TIMELY WARNING REPORTS – CRIME ALERTS

Texas State provides timely warning notices to the campus community when a Clery Act crime is reported to have occurred on Texas State’s Clery Act Geography (on campus, public property and non-campus property), that, in the judgement of the Chief of Police or designee and in consultation with university officials (when time permits), constitutes a serious or continuing threat, a campus wide “timely warning” notice will be issued. Timely Warning notices are usually written by the Chief of Police or designee and distributed by an official from the Texas State UPD. These warnings will be distributed if an incident is reported to Texas State UPD directly or indirectly through a local police agency or CSA.

These warnings will contain the following:

• Information about the crime that triggered the warning
• Information that would promote safety
• Information that would aid in the prevention of similar crimes
• Suspect description(s) when deemed appropriate and if there is sufficient detail (the description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert).

• Texas State UPD Contact Information
• Other information as deemed appropriate by the Chief of Police or designee

Timely Warnings will be distributed as soon as pertinent information is available, in a timely manner that will not provide any personally identifying information of reporting parties or victims and will withhold the names of victims as confidential, with the goal of aiding in the prevention of similar crimes.

Timely Warnings are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger Texas State community)
• Major Incidents of Arson
• Murder/Non–negligent manslaughter
• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis)
• Sex offenses (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by the Chief of Police or designee) are sometimes reported long after the incident occurred and there isn’t the ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• String of burglaries or motor vehicle thefts that occur in reasonably close proximity to each other.
• Other Clery crimes as deemed necessary by the Chief of Police or his/her designee in his/her absence.

Decisions concerning whether to issue a timely warning will be made on a case-by-case basis using the following criteria:

• Nature of the crime
• Danger and continuing threat to the campus
• The amount of time that has elapsed between the crime’s occurrence and the date of its report to a campus security authority of the institution

Texas State does not issue timely warnings for a Clery crime if:

• Law enforcement quickly apprehended the subject(s) following the reported incident, he/she is in custody, thus the risk of a serious or continuing threat for members of the Texas State community has been mitigated. Texas State will work with the local police department to try and monitor the offender’s status and should they make bail or otherwise be released, Texas State will reassess whether a serious or continuing threat to members of the community exists. If the institution believes that threat exists after the perpetrator’s release, a timely warning shall be distributed.

• A report was not filed with the Texas State UPD or local Police agency in a manner that would allow the department to post a “timely” warning for the community. A general guideline will include a report that is filed more than ten days after the date of the reported incident may not allow Texas State UPD to distribute a “timely” warning to the community. This type of situation will be evaluated on a case-by-case basis.

The Texas State UPD chief of police, captains, lieutenants, sergeants, or their designees review all reports to determine if there is an on-going threat to the community and if the distribution of a timely warning is warranted. These crimes are normally reported directly to Texas State UPD. However, sometimes they are reported to local law enforcement agencies or CSAs. Texas State UPD has requested that local law enforcement agencies and CSAs notify Texas State UPD about crimes reported to them that may require a timely warning.

Timely warning notices will be issued to the campus community via email blast to all Texas State University assigned email accounts. Timely Warnings may also be distributed through the university’s TXST Alert System which can include:
Warnings will contain information about the nature of the threat and allow members of the community to take protective action. If a timely warning is distributed via text, the consumer will be asked to view their email for full timely warning notice language.

The institution is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor. Timely warnings sent by the university will have the subject title, TXST Timely Warning, Timely Warning, TXState Alert, Crime Alert, or Timely Warning. Additionally, timely warning notices will not be posted for other crime classifications and locations, however, a Bobcat Safety Bulletin may be distributed (refer to the Bobcat Safety Bulletins section on page 12 of this report).

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Texas State regularly reviews and annually updates plans and procedures for emergency response and evacuation for the campus community. Emergency plans and procedures as well as a variety of additional resources are available for viewing at https://safety.txst.edu/emergency-preparedness.html.

Possible emergencies that may occur include, but are not limited to the following:

- Severe weather
- Public health crisis
- Fire (localized building fire or wildfire)
- Campus violence
- Civil unrest
- Hazardous material spill
- Gas leak
- Explosion
- Bomb threat
- Terrorist incident

Texas State maintains an Emergency Operations Plan that outlines responsibilities of campus units during emergencies. This plan outlines incident priorities, campus organization and specific responsibilities of particular units or positions.

University units are responsible for developing emergency response and continuity of operations plans for their areas and staff. Campus emergency management provides resources and guidance for the development of these plans. Emergencies occurring on campus should be reported to Texas State UPD by dialing 911.

Environmental, Health, Safety, Risk and Emergency Management (EHSREM) and other emergency agencies conduct tests of emergency response and evacuation procedures through a variety of drills and exercises designed to assess and evaluate emergency plans and capabilities of the institution. Evacuation drills are conducted once each long semester in on-campus residence halls.

Under the Clery Act, institutions must conduct a test that includes regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. The purpose of the Clery test is to test emergency response and evacuation procedures on an annual basis. Therefore, emergency notification systems are tested (this is a drill) at least once annually, and emergency response and evacuation procedures are shared with the community. Exercises may include tabletop, functional, full-scale, or any combination thereof. Tests may be announced or unannounced in advance to the campus community. Each test is documented and includes, at a minimum, a description of the test, the date, and time, and whether it was announced or unannounced at least once a year.

Various campus departments, including UPD and EHSREM, utilize outreach programs to train and educate the campus community, providing the knowledge needed to respond appropriately to various types of hazards.

Additionally, EHSREM is responsible for annually publicizing emergency response and evacuation procedures to the campus community in conjunction with a test (exercise and drill) that meets all the requirements of the Higher Education Opportunity Act. This primarily occurs via email “blast” sent to employees and students.

The primary law enforcement response to emergencies occurring on Texas State property is Texas State UPD. Fire Department/Emergency Medical Services emergency response is provided by the City of San Marcos. Texas State UPD is usually first to respond to emergencies occurring on the Texas State campus and works with the City of San Marcos responders, when necessary, to resolve the situation.

EMERGENCY NOTIFICATIONS

Texas State University has developed a process to notify the campus community in cases of emergency. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following identified situations are examples which may warrant an emergency notification after confirmation: armed/hostile intruder; bomb/explosives (threat); communicable disease outbreak; severe weather; terrorist incident; civil unrest; natural disaster; hazardous materials incident and structure fires.

Individuals can report emergencies occurring at Texas State by calling Texas State UPD at 911.

In the event of an emergency, Texas State University will immediately initiate and provide, without delay, emergency notifications to the appropriate segment(s) of the university community. Texas state will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees, and visitors on the campus. Texas State will without delay— and taking into account the safety of the community - determine the content of emergency notification messages and initiate the notification system.

Emergency notifications will be issued unless issuing a notification
will, in the professional judgment of the responsible authorities and considering the safety of the Texas State community, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency. The content of an emergency notification will vary depending on the situation. At a minimum, the messages will describe the emergency, provide basic instructions to the community, and will contain information that will aid the campus community in responding to a particular situation or provide evacuation procedures when/if necessary. Emergency notifications sent may include a subject title listed as TXST Emergency Notification, Emergency Notification, TXST Crime Alert, TXState Alert, or TXST Alert. The subject title may not always contain the emergency notification title. Additionally, follow-up messages may include the terms “emergency notification” but is not required. Regardless updates provided will contain information on the status of the original emergency notification sent. Some emergency notifications are intended to be used by community members when they become aware of a dangerous situation, such as fire alarms and/or certain severe weather.

Texas State community members are authorized to activate the appropriate alarm system when the corresponding emergency is occurring. The alarm systems in place are designed to notify others of the danger via audible and/or visual means.

If the Chief of Texas State UPD, or designee, in conjunction with other university administrators, local first responders, Public Health Officials and/or the National Weather Service, confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Texas State community, the appropriate official will collaborate with key personnel to determine the content of the message and will use some or all of the systems described below to communicate the threat to the Texas State community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

The following campus officials have been designated the authority to determine and approve the content and issuance of written emergency notifications:

- President or designee
- Provost
- Vice President of University Administration
- Vice President for Finance and Support Service or designee
- Vice President for University Advancement or designee
- Vice President for Student Success or designee
- Chief Medical Officer/Director of Student Health Center
- Chief of Police or designee
- Senior Police Supervisor on duty
- Texas State UPD Communications
- Emergency Manager
- Director of Environmental, Health, Safety, Risk and Emergency Management or designee
- Assistant Vice President for University Marketing or designee

When an authorized official receives a report of an imminent situation or a situation in progress that poses an immediate threat to life, health, safety, or security on campus, they will confirm the report. Depending on the situation, confirmation may be achieved through one or more of the following sources:

- Investigation by Texas State UPD
- Investigation by other Texas State campus departments, including but not limited to, Environmental, Health, Safety, Risk and Emergency Management, Dean of Students, Facilities, and/or the Student Health Center
- Investigation by the City of San Marcos Fire Department and/or Police Department
- San Marcos County Emergency Services and/or Health Department
- Texas Department of State Health Services Media reports originating from the incident scene

The authorized official will determine, in consultation with other campus officials as appropriate, how much information is appropriate to disseminate at different points in time. This determination will be based on the following:

- Nature of the incident or threat
- Segment to be notified
- Location of the incident or threat

Depending on the circumstances, Texas State may send emergency notification messages to the entire campus community or only a segment of the population. If a confirmed emergency-situation appears likely to affect a limited segment of the campus community, emergency notification messages may be limited to that segment. If the potential exists for a very large segment of the campus community to be affected by a situation or when a situation threatens the operation of the campus as a whole, then the entire campus will be notified.

In any case, there will be a continuing assessment (follow-up messages) of the situation and additional segments of the campus community may be notified if the situation warrants such action. The authorized official will, considering the nature of the threat and the population to be notified, choose the appropriate communication tool(s) to utilize. Texas State has at its disposal several tools that may be used to disseminate emergency notifications to the campus community.

Emergency notifications will be sent using some or all of the following distribution methods depending on the type of emergency:

- RAVE Guardian (mobile app)
- TXST Alert System, TXST Alert, or TXState Alert interchangeably
- Email
- Text
Additional notification methods may include:

- Fire Alarm Systems
- Public Address Systems
- Patient Portal (Student Health)
- Social Media
- Local Media
- Webpages

- If any of these systems fail or the university deems it appropriate, in-person communication may be used to communicate an emergency.

The nature of the emergency will determine the types and extent of the notification. The authorized official will approve and send the message as soon as possible.

A combination of one or all methods listed above will be used to issue a follow-up message to the campus community (except for fire alarms). Information regarding the status of emergency situations will be developed and disseminated to the larger community, including neighbors, parents, and other interested parties as soon as possible by the Texas State UPD and/or other campus departments. This information may come in the form of updates to Texas State’s website and/or communications directly with the media, if necessary.

If there is an immediate threat to the health or safety of students or employees occurring on campus, the institution will follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed.

All students and employees who have a @txstate.edu email address are automatically registered to receive email alerts through the TXST Alert System (also referred to as TXST Alert or TXState Alert). Students and employees are encouraged to check their contact information for accuracy and update it as soon as it changes. ALERRT Center participants, Chartwells staff or others not having a Texas State email address will need to register with the assistance of a TXST Alert Administrator if they want to receive notifications. Those interested can contact the Emergency Manager at Environmental Health, Safety, Risk and Emergency Management at (512) 245-3616.

In case of an emergency, a message will be sent to registered email and phone numbers. A student or employee may elect not to receive notifications from the university. This preference must be submitted electronically or in writing and must be renewed at the start of each academic year. TXST Alert will be used to notify the campus community of any immediate threat to both life and safety. The City of San Marcos owns and operates outdoor warning sirens that can be heard from many locations on Texas State. These sirens notify individuals who are outside in the presence of severe weather and other hazardous conditions. Additional information regarding the outdoor warning sirens can be found at the City of San Marcos Emergency Management webpage.

The City of San Marcos and the City of Round Rock utilize a mass notification system called Everbridge to notify residents of emergency conditions. This service is provided free of charge. However, unlike the TXST Alert System, the Texas State community must sign up for the service. Interested persons should visit the City of San Marcos Emergency Management webpage to learn more and/or to sign up https://www.sanmarcostx.gov/277/Emergency-Management or may visit the Round Rock Texas website at: https://www.roundrocktexas.gov/news/regional-emergency-notification-system-to-receive-upgrades/.

**BOBCAT SAFETY BULLETINS**

Bobcat Safety Bulletins are developed and distributed to the community for security and safety-related incidents that do not meet the legal standards or requirements for the distribution of an Emergency Notification or Timely Warning Notice per the Clery Act. Examples of such incidents and situations may include, but are not limited to:

- A crime or pattern of crimes that are not one of the 15 reportable Clery crimes (ex. a pattern of larcenies or vandalism cases).
• A crime that occurs outside of the Texas State Clery Geography (the decision to issue a Bobcat Safety Bulletin for an off-campus crime will be made on a case-by-case basis depending on an assessment of various factors which include but are not limited to: the nature of the crime, the exact location, the time of the incident, the local police response and guidance to campus officials, and the potential direct effect on the campus community)

• A minor security or safety concern (mulch fires caused by cigarettes, etc.).

• Facilities-related issues that may cause a disruption to one or more campuses.

Bobcat Safety Bulletins will typically be written and distributed via email, social media, the Newsroom webpage (https://news.txstate.edu/), or via the Safety & Emergency Communications webpage (https://safety.txst.edu/) by the Chief of Police, the Director of Environmental, Health, Safety, Risk and Emergency Management, the Fire Marshal, the Emergency Manager, or their designees.

Bobcat Safety Bulletins may be distributed to the entire campus community or to the segment(s) of the community that are affected, as deemed appropriate by the Chief of Police, the Director of Environmental, Health, Safety, Risk and Emergency Management, the Fire Marshal, the Emergency Manager, or their designees.

**EVACUATION PROCEDURES**

Emergency evacuation procedures are tested at least twice each year. Students and employees learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. The Texas State UPD does not tell building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, Texas State UPD staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Texas State University, evacuation drills are used to educate and train occupants on fire safety issues specific to their building. During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

Environmental, Health, Safety, Risk, and Emergency Management in partnership with the University Police Department (UPD) have developed emergency procedure posters to be referenced in preparation of campus emergencies. These informational posters are located in almost every building and facility on campus.

The posters list procedures for evacuation, shelter in place, lockdown, bomb threat, active attack, and fire emergencies. Emergency contact numbers are clearly identified as well as a statement encouraging the “See Something, Say Something” reporting procedure. The university interactive campus map on the website shows the buildings where AEDs are located with information on exact locations in the building.

**GENERAL EVACUATION PROCEDURES**

If you receive instructions to evacuate or if a fire alarm is activated, immediately proceed to the nearest exit and leave the building. During an evacuation, the fire alarm will generally be the first notification system utilized. However, depending on the circumstances of the emergency, you may receive a text message through TXST Alert (TXST Alert System), or a police officer or other university officials who may instruct you to evacuate. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify Texas State UPD by calling 911.
During an evacuation, please follow the following guidelines:

1. Remain calm
2. Do not use elevators; use the stairs, instead
3. If needed, assist persons with access or functional needs
4. If a person is unable to evacuate, attempt to move them to a safe location
5. Once you have evacuated the building, immediately inform first responders of the person’s location
6. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles
7. Do not re-enter the building

Shelter-in-Place Procedures – What it Means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unsafe, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside until you are told it is safe to come out. If your building is damaged, take your personal belonging (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, including Texas State UPD, Housing and Residential Life Staff members, other Texas State employees, or other authorities utilizing Texas State’s emergency communications tools.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be:
   - An interior room
   - Above ground level

   • Without windows or with the least number of windows.
   • If there is a large group of people inside a particular building, several rooms may be necessary.
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans (if possible).
5. Close vents to ventilation systems as you are able. University staff will turn off the ventilation as quickly as possible.
6. Make a list of the people with you and ask someone (hall staff, faculty, or other staff) to call the list in to Texas State UPD so they know where you are sheltering. If only students are present, one of the students should call in the list to Texas State UPD.
7. Monitor social media and listen for further instructions.
8. Make yourself comfortable.

SECURITY OF AND ACCESS TO TEXAS STATE UNIVERSITY FACILITIES

Including Special Considerations for Residence Hall Access and Security Considerations for the Maintenance of Campus Facilities

Texas State is a public institution. During business hours (Monday thru Friday, 8:00am to 5:00pm), university facilities (excluding residence halls) will be open to students, employees, contractors, and visitors. During non-business hours, access to all university facilities is by key or other electronic access control devices. Residence halls are electronic access at all times. To facilitate mail/package delivery, Monday thru Saturday 10:00am-1:00pm, the main entrance to halls (visible to the front desk) is open. Access for authorized individuals to university facilities can be obtained through Ingress Management Services.

To protect the safety of the campus community, university officials may ask individuals to identify themselves. People should identify themselves by providing their name, address, and affiliation to the university. A person may be asked to provide identification such as a driver’s license or university ID. If a person fails or refuses to comply, they may be asked to leave or may be removed from the building or campus. Texas State UPD Officers conduct routine patrols of campus buildings to evaluate and monitor security related matters.

Facilities personnel maintain university property with a concern for safety and security. Lighting surveys are conducted on a regular basis to spot any lighting concerns or areas in need of repair. In addition, defective lighting conditions are reported as detected by building service personnel, police, and public safety officers. Other members of the university community may report equipment problems to Facilities by calling 512.245.2148.

Texas State UPD conducts security surveys as needed to continually assess facility security needs. Key control is established by university policy and access to building master keys is restricted. Security alarm systems on campus are monitored by Texas State UPD communications or third-party alarm monitoring companies.
Campus housing provides a range of services and security procedures designed to ensure the reasonable safety and comfort of residents and invited guests. Uniformed public safety officers, supervised by Texas State UPD, assist trained residence hall supervisory staff members in their efforts to maintain security. Services include attention to lighting (including emergency lighting during power failures), locking of entrances on a regular schedule, security programming (including fire safety drills and personal safety awareness programs), viewers in all individual student room doors, and enforcement of the housing guest policy. Texas State UPD performs regular foot patrol in residence halls.

THE TEXAS STATE UNIVERSITY RESPONSE TO SEXUAL AND GENDER VIOLENCE

INTRODUCTION

Texas State prohibits discrimination on the basis of sex in its educational programs and includes sexual harassment and sexual violence as forms of sex discrimination. Other acts can be forms of sex-based discrimination and are prohibited whether sexually based or not and include dating violence, domestic violence, and stalking.

Texas State issues this statement of policy to inform the community of our comprehensive plan in preventing and responding to sexual misconduct reported to a university official. Texas State provides educational programs and procedures that address sexual assault, domestic violence, dating violence and stalking whether the incident occurs on or off campus and when it is reported to a university official.

Throughout the Annual Security and Fire Safety Report (ASFSR) will be the above-mentioned programs and procedures (along with policies, definitions, and resources) that show Texas State’s integrated plan to address safety, sexual misconduct, and support victims. To provide a starting point, in addition to the Table of Contents, refer to the condensed and specific information found on:

PREVENTION AND AWARENESS

- Alerts, Evacuation and UPD—pages 7-13
- Safety Tips, On and Off Campus—pages 39-40, 53-54
- Education and Training—pages 53-60

REPORTING AND RESOURCES

- FAQs—page 38-39
- Victim Rights and Supportive Measures—pages 41-51
- Protective Orders—pages 50-51
- Investigation and Disciplinary Procedures—pages 25-38

The foundation of our integrated plan is that Texas State prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking (as defined by the Clery Act) and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

The Texas State University System (TSUS) Sexual Misconduct Policy classifies sexual misconduct matters as either Title IX Sexual Harassment or Non-Title IX Sexual Misconduct. Allegations of sexual misconduct shall be classified as Title IX Sexual Harassment provided:

- The sexual misconduct meets the definition of Title IX Sexual Harassment;
- The sexual misconduct occurred against a person participating in or attempting to participate in a university’s education program or activity; and,
- The sexual misconduct occurred against a person located within the United States.

Sexual Misconduct that does not meet all the above requirements does not constitute Title IX Sexual Harassment and shall be classified as Non-Title IX Sexual Misconduct.

Title IX Sexual Harassment refers to sexual misconduct that meets one or more of the following three behaviors:

- A university employee is provided an aid, benefit or service of the university on the condition that employee participates in unwelcome sexual conduct (“quid pro quo” harassment) which may be expressed or implied and need not be “severe” or “pervasive” as a single incident is inherently “offensive” and jeopardizes equal educational access;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the university’s education program or activity, or
- “Sexual Assault,” “Dating Violence,” “Domestic Violence” or “Stalking” as defined in referenced statutes.

Sexual Harassment under other applicable state and federal law means unwelcomed sex-based verbal or physical conduct that:

- In the employment context, unreasonably interferes with a person’s work performance or creates an intimidating, hostile, or offensive work environment; or
- In the education context, is sufficiently severe, persistent, or pervasive that the conduct interferes with the student’s ability to participate in or benefit from education programs or activities at a post-secondary educational institution.

Sexual Misconduct is a broad term encompassing a range of non-consensual sexual activity or unwelcome behavior of a sexual nature. The term includes but is not limited to sexual assault, sexual exploitation, sexual intimidation, sexual harassment, domestic violence, dating violence, and stalking. Sexual misconduct can be committed by men or women, strangers, or acquaintances, and can occur between or among people of the same or opposite sex.

*Texas State University is a member of the Texas State University System (TSUS).
UNIVERSITY PROHIBITED CONDUCT

In their commitment to creating and maintaining educational communities where everyone is respected, appreciated and valued, the Texas State University System (TSUS), its colleges and universities (referred to as components), created and implemented the TSUS Sexual Misconduct Policy (TSUS Policy) which outlines prohibited conduct.

The TSUS diligently strives to foster an environment that permits and encourages everyone to perform at their highest levels in academia. The TSUS focus on tolerance, openness, and respect is key in providing every member of the TSUS community with basic human dignity free from harassment, exploitation, intimidation, or other sexual misconduct (to include domestic violence, dating violence, sexual assault and stalking as defined below). Any report of behavior that threatens our institutional values and breaches the TSUS policy shall be promptly investigated and remediated in accordance with principles of law, fairness, and equity to all parties involved.

The TSUS and its universities are firmly committed to maintaining an educational environment free from all forms of sex discrimination. Sexual misconduct, as defined in the TSUS policy, is a form of sex discrimination and will not be tolerated. The TSUS and universities will maintain an environment that promotes prompt reporting of all types of sexual misconduct and timely and fair resolution of sexual misconduct complaints. The universities will take prompt and appropriate action to eliminate sexual misconduct when such is committed, prevent its recurrence, and remedy its effects. The TSUS policy defines and describes prohibited sexual conduct, establishes procedures for processing complaints of sexual misconduct, permits appropriate sanctions, and identifies available resources.

• Dating Violence is violence committed by a person:
  ○ who is or has been in a social relationship of a romantic or intimate nature with the Victim; and
  ○ where the existence of such a relationship shall be determined based on a consideration of the following factors:
    – the length of the relationship;
    – the type of relationship; and
    – the frequency of interaction between the persons involved in the relationship

• Family (Domestic) Violence includes felony or misdemeanor crimes of violence committed:
  ○ by a current or former spouse or intimate partner of the victim,
  ○ by a person with whom the victim shares a child in common,
  ○ by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner or roommate,
  ○ by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Texas,
  ○ by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the State of Texas.

• Retaliation means any adverse action threatened or taken against a person because they have filed, supported or provided information in connection with a complaint of sexual misconduct, including but not limited to direct and indirect intimidation, threats and harassment.

• Sexual Assault means any form of non-consensual sexual activity representing a continuum of conduct from forcible rape to non-physical forms of pressure designed to compel individuals to engage in sexual activity against their will.

Examples of sexual assault include, but are not limited to, the following nonconsensual sexual activity:
1. Sexual intercourse (vaginal or anal);
2. Oral sex;
3. Rape or attempted rape;
4. Penetration of an orifice (anal, vaginal, oral) with the penis, finger or other object;
5. Unwanted touching of a sexual nature;
6. Use of coercion, manipulation or force to make someone else engage in sexual touching, including touching of breasts, chest, buttocks and genitalia;
7. Engaging in sexual activity with a person who is unable to provide consent; or
8. Knowingly transmitting a sexually-transmitted disease to another.

Institutional Definition of Consent is an informed, freely and affirmatively communicated willingness to participate in a particular sexual activity. Consent can be expressed either by words or by clear and unambiguous actions, as long as those words or actions create mutually understandable permission regarding the conditions of each instance of sexual activity. It is the responsibility of the person who wants to engage in the sexual activity to ensure that they have the consent of the other to engage in each instance of sexual activity.

This definition will be referred to should there be an allegation of nonconsensual sexual activity including rape, attempted rape, fondling, oral sex, voyeurism or exploitation.

The university will consider the following factors in determining whether consent was provided:

• consent is a voluntary agreement or assent to engage in sexual activity;

• someone who is incapacitated cannot consent;

• consent can be withdrawn at any time;

• past consent does not imply future consent;

• silence or an absence of resistance does not imply consent;

• consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another;

• coercion, force or threat invalidates consent; and,

• being intoxicated or under the influence of alcohol, drugs or any other substance is never an excuse for engaging in Sexual Misconduct.

PROTECTING MINORS ON CAMPUS

A “child or minor” is a person under 18 years of age. Neither Texas law nor any university policy allows individuals to delegate the duty to report child abuse or neglect. Texas law requires anyone who suspects child abuse or neglect to report those suspicions to the Texas Department of Family and Protective Services (DFPS) or to a local law enforcement agency, including the Texas State UPD. Any person who has reason to believe that a child’s physical or mental health or welfare has been adversely affected by abuse or

When making a report to police, you may choose to report using a pseudonym so that your name will not appear in public files.

A student who has experienced relationship violence, sexual assault, sexual misconduct, or stalking, or who believes such conduct may have occurred may inform the Title IX Coordinator/Office of Equal Opportunity and Title IX (Elliott Hall - Bldg. PROCEDURES FOR REPORTING A COMPLAINT

If any member of the Texas State community is a victim of a sexual assault, including rape, acquaintance rape, sexual harassment, or sexual violence, there are many services available to assist, but first, the individual’s safety is of the utmost importance. If you or a community member experiences relationship violence, sexual misconduct, or stalking, contact local law enforcement by dialing 911.

Texas State has procedures in place to sensitively respond to those who report relationship violence, sexual assault, sexual misconduct, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off the campuses, and additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and work accommodations, if reasonably available. PROCEDURES VICTIMS CAN FOLLOW IF A SEXUAL MISCONDUCT CRIME OCCURS

Following an assault, find a safe place away from the attacker and out of danger. To preserve physical evidence, victims should not bathe, urinate, douche, shower, drink, or change clothes. This will preserve evidence that can be used later if a victim decides to file a police report or to press charges or it may be helpful in obtaining a protection order.

Victims should go to CHRISTUS Santa Rosa Hospital – San Marcos (formerly known as Central Texas Medical Center) or to St. David’s Medical Center - Round Rock for a sexual assault examination and to receive prompt, thorough medical care. Victims may choose to have someone take them to the emergency room or a police officer can meet them at their location to provide transportation. For victims of dating violence, domestic violence, and stalking, it is important to preserve pictures, text messages, social media posts and messages, emails, notes and letters, etc.

The Office of Equal Opportunity and Title IX serves as the university's central resource for addressing reports of alleged harassment submitted by students and employees; including those related to sexual harassment and sexual misconduct.
• The Title IX Coordinator agrees that informal resolution is an appropriate mechanism for resolving the Complaint;

• The Complaint involves only Sexual Harassment as described in the TSUS Policy and does not involve any other sexual offense, and

• Mediation shall be concluded within ten (10) days

When the Title IX Coordinator determines informal resolution is appropriate and the Parties consent in writing, the Title IX Coordinator will make the requisite arrangements in attempt to resolve the complaint. Agreements reached in mediation will be reduced to writing and signed by both Parties. Agreements will be maintained by the Title IX Coordinator and shared only as necessary to implement the agreed resolution or as required by law.

The Title IX Coordinator will terminate informal resolution and continue the investigation if:

• The Parties are not able to reach an agreement prior to the exhaustion of the administrative process,

• One or more of the Parties withdraws consent to informal resolution, or,

• Title IX Coordinator determines that informal resolution is no longer appropriate.

The matter will then be referred for investigation in accordance with the procedures outlined herein.

INVESTIGATION PROCEDURES AND PROTOCOLS

Upon Texas State’s receipt of a report:

• The Title IX Coordinator or designee will review the complaint and shall promptly contact the Complainant to discuss the availability of Supportive Measures, Complainant’s wishes with respect to Supportive Measures, and the availability of Supportive Measures with or without the filing of a Formal Complaint or Report.

• Explain to the Complainant the process for filing a Formal Complaint or Report;

• Provide an electronic and/or hard copy of the TSUS Policy which explains the process and rights of all Parties;

• Request additional information regarding the reported incident;

• Explain the investigatory process;

• Explain the options for reporting to law enforcement authorities, whether on campus or local police;

• Discuss Complainant’s request for anonymity and confidentiality, if such has been requested, and explain the confidentiality may impact the university’s ability to investigate fully;

• Determine whether the Complainant wishes to pursue informal resolution; and

• Refer the Complainant, as appropriate to the counseling center or other resources, including but not limited to law enforcement, medical assistance, psychological counseling, victim advocacy resources, legal resources student financial aid, alternative disciplinary processes, and visa and immigration status.

As soon as is practicable, the Investigator shall contact the Complainant and Respondent to schedule initial, individual meetings. At the initial meeting, the Investigator will inform Complainant and Respondent of supportive measures such as dropping a course in which both parties are enrolled without any academic penalty.
PROMPT, FAIR, AND EQUITABLE INVESTIGATION

At the outset of an investigation, the Investigator will provide the Respondent prompt notice of the investigation to include the allegation(s) in writing together with a copy of the TSUS Sexual Misconduct Policy. Written notice of the investigation will be provided to the Complainant simultaneously with Respondent. Texas State’s disciplinary process includes a prompt, fair, and impartial process from the initial investigation to final result. In all instances, the process will be conducted in a manner that is consistent with the institution’s policy and that is transparent to the accuser and the accused. Texas State will make every reasonable effort to ensure that the resolution of a Sexual Misconduct Complaint or Report occurs in as efficient a manner as possible, with an expectation that the process (exclusive of any appeal procedures) will generally be completed within one hundred and twenty (120) calendar days of the date a Complaint or Report is submitted. The Title IX Office may modify this and any other deadlines contained in the TSUS Policy as necessary to accomplish the purposes stated and for good cause, including, but not limited to, the complexity of the investigation and semester breaks. Should the need for extension of timeframes occur, written notice will be sent to the Complainant and Respondent to notify them of the delay and the reason for the delay.

University officials involved in the investigation or adjudication of domestic violence, dating violence, sexual assault and stalking complaints are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking. The purpose of the training is to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

Specifically, all those involved with Title IX procedures receive training that does not rely on sex stereotypes and promotes impartial investigations and adjudications of Formal Complaints. Topics include:

• having a knowledge of the offenses including specific definitions of sexual misconduct,
• the scope of the university’s Education Programs and Activities to identify situations that require a response under Title IX,
• investigation and grievance procedures,
• serving impartially and avoiding prejudgment of the facts at issue

Investigators will receive additional training on creating a report that fairly summarizes relevant evidence.

Decision Makers will receive additional training on:

• the use of technology to be used in a live hearing and to be received prior to that hearing;
• issues of relevance of questions and evidence within hearings

TITLE IX SEXUAL HARASSMENT GRIEVANCE PROCESS

However, the Advisor may not otherwise directly participate in any meeting, interview, or proceeding except for the limited purpose of conducting cross-examination (as more fully explained in Section 7.11.3) at a live hearing, if any. As stated in Section 7.4.2, if a Party does not have an Advisor to conduct cross-examination at the live hearing, the university will provide the Party with an Advisor, who need not be an attorney, for the limited purpose of conducting cross-examination at the live hearing.

- Each Party’s Advisor is requested to meet with the Title IX Coordinator to discuss hearing procedure and protocols prior to the live hearing, if any.

The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or accused and will remain neutral throughout the investigation. The Complainant and the Respondent shall have opportunities to respond in person and/or in writing, submit relevant documents, and identify relevant witnesses. The accuser and the accused will be notified simultaneously, in writing, of the initial, interim and final decision of any disciplinary proceeding.

- **Equal Opportunity to Present Evidence and Witnesses.** All Parties will have equal opportunity to present fact and expert witnesses and other inculpatory and exculpatory evidence during the course of the investigation. A university may not restrict the ability of either Party to discuss the allegations under investigation, or to gather and present relevant evidence.

- **Right to Inspect and Review Evidence Prior to Completion of the Investigation.** Once the assigned Investigator concludes all fact finding and evidence gathering activities, each Party and their respective Advisors must have equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations in the Formal Complaint, including the evidence upon which the university does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a Party or other source, so that each Party can meaningfully respond to the evidence prior to the conclusion of the investigation

- Each Party and their Advisor will be sent such evidence in electronic format or hard copy. Each Party will have ten (10) calendar days from the date they are notified to inspect, review, and respond to the evidence.

- The written response of each Party, if any, must be considered by the Investigator prior to completion of the Investigative Report.

- **Live Hearings.** All investigations not dismissed pursuant to Section 5.4 shall have a live hearing. The following are the participants at a live hearing:

- **Decision Maker.** The Decision Maker determines the relevancy of all questions asked during the hearing, may ask questions of any witness or Party during the hearing, and ultimately issues the written decision of responsibility and sanction, if any, after the hearing. The university’s Title IX Coordinator or the Investigator who conducted the investigation or prepared the Investigative Report may not serve as Decision Maker.
Parties. The Parties are the Complainant and Respondent. Each Party may give a statement, answer questions, present evidence, and witnesses, and cross-examine the other Party and witnesses through their Advisor.

An Advisor may, but is not required to be, an attorney. In addition to cross-examination, the Advisor may provide support, guidance, or advice to Complainant or Respondent, but may not otherwise directly participate in the hearing.

If a Party does not have an Advisor, the university will appoint an Advisor of the university’s choice, without fee or cost to the Party, for the limited purpose of conducting cross-examination, including questions challenging the Party or witness’s credibility. A university is not required to appoint an attorney as an Advisor.

Witnesses. Each Party shall have the opportunity to present fact and/or expert witnesses to the Decision Maker for consideration at the hearing.

Determination of Relevance of Questions. Only relevant questions may be asked of a Party or witness during the hearing. Before a Party or witness answers a cross-examination or other question, the Decision Maker must first determine whether the question is relevant.

Questions concerning a Party’s prior sexual behavior are not relevant unless offered to prove that someone other than the Respondent committed the alleged misconduct or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove Consent.

The Decision Maker will explain to the Party’s Advisor why a question excluded is not relevant. The Decision Maker’s relevancy decision is final and may only be challenged as a procedural defect on appeal, as provided in the TSUS Policy.

Live Cross-Examination (Directly, Orally, in real time). The cross-examination of a Party or witness must be conducted by the other Party’s Advisor, orally, and in real time. A Party may not directly question the other Party or witness.

At the request of either Party, the university shall provide for the entire hearing, including cross-examination, to occur with the Parties in separate rooms with technology that enables the Parties to see and hear each other or the witness answering questions, at all times while the hearing is in session.

Recording of Hearing Proceedings. The university shall create an audio or audiovisual recording, or transcript, of any live hearing and make such recording or transcript available to the Parties for inspection and review.

- The role of the Decision Maker is to review the investigation and the appropriateness of the Sanction for significant procedural errors or omissions;

All Coordinators, Deputy Coordinators, Investigators, and those with authority over sexual misconduct hearings and appeals shall receive training annually to include, knowledge of offenses (dating violence, domestic violence, sexual assault, and stalking), investigatory procedures, due process, and Texas State policy and procedures related to sexual misconduct to promote accountability and safety of victims.

STANDARD OF REVIEW AND FINDING

The Title IX Coordinator will review the Investigative Report under the “Preponderance of the Evidence” standard defined as the greater weight and degree of credible evidence. Preponderance of the evidence is the standard for determining allegations of sexual
misconduct under the TSUS Policy. Preponderance of the evidence is satisfied if the action is more likely to have occurred than not.

For Non-Title IX, the Title IX Coordinator will make a written Finding as to whether:

• No reasonable grounds exist that the Sexual Misconduct Policy was violated, and the matter is closed; or

• It is more likely than not that Respondent violated the Sexual Misconduct Policy, and the nature of the violation(s).

The Finding shall include the Title IX Coordinator’s basis for the decision and recommended Sanctions when there is a Finding of a violation.

COMMUNICATION OF THE FINDING AND RECOMMENDED SANCTIONS FOR NON-TITLE IX VIOLATIONS

When there is a Finding of no violation of the Sexual Misconduct Policy (to include dating violence, domestic violence, sexual assault, and stalking), the Title IX Coordinator or Designee will communicate the Finding (result) in writing simultaneously to the Complainant AND Respondent.

When there is a Finding that it is more likely than not that Respondent violated the TSUS Sexual Misconduct Policy, the Title IX Coordinator will communicate the Finding in writing to the Texas State Administrator with authority to determine and issue appropriate Sanctions. The Finding will be communicated in writing simultaneously to the Complainant AND Respondent.

When there is a Finding of a violation by a Respondent employed by Texas State, the Title IX Coordinator, in consultation with appropriate administrative officials, will provide the Finding to additional individuals, with supervisory authority over the employee, who are not in the line of appellate review. The Finding will be communicated in writing simultaneously to the Complainant AND Respondent.

POSSIBLE SANCTIONS FOR TITLE IX AND NON-TITLE IX VIOLATIONS

Sanctions for a Finding of a Policy violation will depend upon the nature and gravity of the misconduct and/or any record of prior discipline for sexual misconduct.

• terminating employment;
• barring future employment;
• temporary suspension without pay;
• compensation adjustments;
• no-contact orders;
• relevant training; or,
• recommendation to revoke tenure.

Within seven (7) business days of receipt of the Finding, the responsible Texas State Administrator will issue written Sanctions and send such Sanctions with a copy of the Findings to the Complainant, Respondent, Title IX Coordinator, and when appropriate, additional individuals with supervisory authority over either Party that are not in line of appellate review. The Texas State Administrator shall inform the Complainant of any Sanction(s) imposed on the Respondent that directly relates to the Complainant.

**APPEAL OF FINDING OR SANCTIONS AND FINAL DECISION INFORMATION**

**APPEAL FOR TITLE IX GRIEVANCE PROCESS**

Both Parties must be offered an appeal from a determination regarding responsibility, and from a dismissal of a Formal Complaint or any allegations therein.

*Grounds for Appeal. The only grounds for appeal are:*.

• Procedural irregularity, including a relevancy determination, that affected the outcome of the matter;

• New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made and that could affect the outcome of the matter;

*Procedure for Appeal. Either Party may appeal a dismissal or Decision Maker’s determination by filing a written request to appeal, with supporting information, with the appropriate Appellate Authority within ten (10) calendar days of issuance of the decision. If a Complainant or Respondent appeals, the university must:*

• Notify the other Party in writing within five (5) calendar days from when an appeal is filed and implement appeal procedures equally for both Parties;

• Give the non-appealing Party seven (7) calendar days from when the university notifies the non-appealing Party that an appeal has been filed to submit a written statement in support of, or challenging, the outcome, a copy of which will be provided to the appealing Party; and,

Implementation of Remedies. OTHER POSSIBLE SANCTIONS FOR VIOLATIONS

**WHAT HAPPENS IF I CHOOSE TO MAKE A POLICE REPORT?**

A law enforcement officer (Texas State UPD or local jurisdiction) will take your statement and ask you questions about what happened. If applicable, the officer will gather voluntary written statements, screenshots of texts, photos, etc. The officer completes his report and this starts the investigation process. Texas State UPD will provide you with information regarding assistance available through the Hays County Women’s Center, Texas State Student Health Center, Texas State Counseling Center, and Title IX Office. San Marcos Police Department may also be reached directly by calling (512) 753-2108, or in person at 2300 IH 35 S, San Marcos, TX 78666. Additional information about the San Marcos Police Department may be found online at: [http://www.sanmarcostx.gov/3881/Police](http://www.sanmarcostx.gov/3881/Police).

Round Rock Police Department may also be reached directly by calling (512) 218-5500, or in person at 22701 N Mays St, Round Rock, TX 78665. **DO I NEED MEDICAL ATTENTION?**

It is very important to seek immediate medical care following a sexual assault or other physical assault to get treatment for any injuries you may have at CHRISTUS Santa Rosa Hospital – San Marcos (formerly known as Central Texas Medical Center) or at St. David’s Medical Center - Round Rock. In Texas, evidence may be collected even if you chose not to make a report to law enforcement. You must consent to get a sexual assault rape kit completed. If a report is not made with law enforcement, a victim may apply for the Crime Victim’s Compensation Program to get the sexual assault exam completed without payment. It is important to remember that not all injuries from the sexual assault will be immediately apparent. You also can ask the nurse or doctor about the possibility of pregnancy or contracting sexually transmitted diseases as a result of the sexual assault and receive appropriate care.

**IS A SEXUAL ASSAULT EXAM THE SAME AS MEDICAL TREATMENT?**

A sexual assault examination is not medical treatment. A sexual assault exam is performed by medical personnel to collect and preserve evidence following a sexual assault. This is important because certain types of evidence that may be present immediately after the attack will disappear or become lost or unavailable as time passes. Getting a sexual assault exam as soon as possible will

---

1 Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not “require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both.”

increase the chances of collecting this evidence thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident less difficult. If a victim chooses not to make a complaint regarding an incident, they nevertheless should consider speaking with Texas State UPD or other law enforcement to preserve evidence in the event the victim decides to report the incident to law enforcement or the university at a later date to assist in proving the alleged criminal offense occurred or that may be helpful in obtaining a protection order. Your immediate medical needs and referrals for follow-up care will also be addressed at the time of your visit to the hospital. It is important that a Victim of sexual assault not bathe, douche, smoke, change clothing, or clean the bed/linen/ area where they were assaulted if the offense occurred within the past 120 hours. The purpose of this is to preserve evidence that may assist in proving that the alleged criminal offense occurred or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if Victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of domestic violence, dating violence, sexual assault, sexual misconduct, and stalking can save other types of evidence, if they have any, that would be useful to university adjudicators/ investigators or police. Examples include:

- Text message conversations
- Instant message conversations
- Social networking pages
- Call logs or any other types of communications
- Photographs or audio or video recordings
- Logs or other copies of documents

All the above are useful to the police and the Office of Equal Opportunity and Title IX Office. Although the university strongly encourages all members of its community to report criminal conduct to law enforcement, it is the victim’s choice whether to make such a report and Victims have the right to decline involvement with the police. UPD, Title IX Office, Dean of Students or any other CSA will assist Victims with notifying local police if they so desire. Victims will receive information in writing about accommodations and assistance. The Texas State UPD may be reached directly by calling (512) 245-2805, and in person at the Pecan Building (1321 Academy St., San Marcos TX 78666).

**REPORTING INCIDENTS OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT AND STALKING**

If you have been a victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Alexandria Hatcher. You may contact the office by phone, 512.245.2539, email, mail, walk-in (Elliott Hall A, 3rd floor), or file a report via the Sexual Misconduct Reporting Form. Reports of all domestic violence, dating violence, sexual assault and stalking made to Texas State UPD will automatically be referred to the Title IX Coordinator regardless of the complainant choice to pursue criminal charges.

Additional information about the Texas State UPD may be found online at [https://www.police.txst.edu/](https://www.police.txst.edu/).

**WHAT DO I DO IF I OBSERVE RELATIONSHIP VIOLENCE, SEXUAL ASSAULT, SEXUAL MISCONDUCT, OR STALKING?**

**BE AN ACTIVE BYSTANDER.** Bystanders have an opportunity to play a critical role in the prevention of relationship violence. They are individuals who directly or indirectly observe violence or the conditions that perpetuate violence. Bystanders have the choice to intervene, speak up, and do something about the situation. At Texas State, we want a culture of community accountability where bystanders actively engage in the prevention of violence without causing further harm. We may not always know what to do, even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or needs help, ask if they are ok.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

**STAYING SAFE ON CAMPUS**

(Source: [https://www.rainn.org/articles/staying-safe-campus](https://www.rainn.org/articles/staying-safe-campus))

College campuses can give you a sense of security—a feeling that everyone knows each other and watches out for one another. There are perpetrators who take advantage of this feeling of safety and security to commit acts of sexual violence.

We can all take steps to increase safety on college campuses. As bystanders, students can learn ways of stepping in to prevent crimes like sexual assault from occurring. When it comes to personal safety, there are steps you can take as well, and some of those tips are outlined below. No tips can absolutely guarantee safety—sexual violence can happen to anyone, and it’s not the only crime that can occur on a college campus. It’s important to remember that if you are sexually assaulted on campus it is not your fault—help and support are available.
INCORPORATING ON-CAMPUS SAFETY

The following tips may reduce your risk for many different types of crimes, including sexual violence.

- **Know your resources.** Who should you contact if you or a friend needs help? Where should you go? Locate resources such as the campus health center, campus police station, and a local sexual assault service provider. Notice where emergency phones are located on campus, and program the campus security number into your cell phone for easy access.

- **Stay alert.** When you're moving around on campus or in the surrounding neighborhood, be aware of your surroundings. Consider inviting a friend to join you or asking campus security for an escort. If you're alone, only use headphones in one ear to stay aware of your surroundings.

- **Be careful about posting your location.** Many social media sites, like Facebook and Foursquare, use geolocation to publicly share your location. Consider disabling this function and reviewing other social media settings.

- **Make others earn your trust.** A college environment can foster a false sense of security. They may feel like fast friends, but give people time to earn your trust before relying on them.

- **Think about Plan B.** Spend some time thinking about back-up plans for potentially sticky situations. If your phone dies, do you have a few numbers memorized to get help? Do you have emergency cash in case you can't use a credit card? Do you have the address to your dorm or college memorized? If you drive, is there a spare key hidden, gas in your car, and a set of jumper cables?

- **Be secure.** Lock your door and windows when you're asleep and when you leave the room. If people constantly prop open the main door to the residence hall or apartment, tell security and when you leave the room. If people constantly prop open the main door to the residence hall or apartment, tell security.

SAFETY IN SOCIAL SETTINGS

It's possible to relax and have a good time while still making safety a priority. Consider these tips for staying safe and looking out for your friends in social settings.

- **Make a plan.** If you're going to a party, go with people you trust. Agree to watch out for each other and plan to leave together. If your plans change, make sure to touch base with the other people in your group. Don't leave someone stranded in an unfamiliar or unsafe situation.

- **Protect your drink.** Don't leave your drink unattended, and watch out for your friends’ drinks if you can. If you go to the bathroom or step outside, take the drink with you or toss it out. Drink from unopened containers or drinks you watched being made and poured. It's not always possible to know if something has been added to someone's drink. In drug-facilitated sexual assault, a perpetrator could use a substance that has no color, taste, or odor.

- **Know your limits.** Keep track of how many drinks you've had, and be aware of your friends' behavior. If one of you feels extremely tired or more drunk than you should, you may have been drugged. Leave the party or situation and find help immediately.

- **It's okay to lie.** If you want to exit a situation immediately and are concerned about frightening or upsetting someone, it's okay to lie. You are never obligated to remain in a situation that makes you feel uncomfortable, pressured, or threatened. You can also lie to help a friend leave a situation that you think may be dangerous. Some excuses you could use are needing to take care of another friend or family member, an urgent phone call, not feeling well, and having to be somewhere else by a certain time.

- **Be a good friend.** Trust your instincts. If you notice something that doesn’t feel right, it probably isn't. Learn more about how to keep your friends safe in social settings.

HOW CAN TEXAS STATE UNIVERSITY REDUCE SEXUAL VIOLENCE ON ITS CAMPUSES?

The following are strategies to help prevent sexual violence on campus (taken from the Division of Violence Prevention, Center for Disease Control and Prevention).

1. Address the multiple levels of influence for sexual violence victimization and perpetration at the individual, relationship and community levels.

2. Examine the characteristics of physical, social, and cultural environments that contribute to sexual violence.

3. Implement skill-based multisession educational programs that are culturally relevant for students.

4. Review organizational policies and practices for a trauma-informed climate.

5. Address and challenge social norms and behaviors that perpetuate sexual violence.

6. Invest in research on sexual violence prevention strategies on campuses.

7. Train students on how to intervene or speak up against violence.

REPORTING SEXUAL INTERPERSONAL OR STALKING CRIMES TO RESPONSIBLE EMPLOYEES

A Responsible Employee who receives a report of sexual misconduct must report to the Title IX Coordinator or the Coordinator’s designee, all relevant details about the alleged sexual misconduct shared by the victim or reporting party. A Responsible Employee shall share all information relevant to the investigation, and if applicable, redress of the incident, including whether an alleged victim or other necessary parties’ have expressed a desire for confidentiality in reporting the incident. A responsible employee should not share information with law enforcement without the victim or reporting parties’ consent unless the victim or reporting party has also reported...
the incident to law enforcement. A Responsible Employee cannot report anonymously.

Before a victim or reporting party reveals any information to a Responsible Employee, the employee should ensure that the victim or reporting party understands the employee’s reporting obligations. If the victim or reporting party request anonymity and confidentiality, direct the victim or reporting party to Title IX Confidential Sources.

If the victim or reporting party reports an incident to the Responsible Employee but also requests confidentiality or requests that the matter not be investigated, the employee should tell the victim or reporting party that the university will consider the request but cannot guarantee that the university will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the Responsible Employee will inform the Title IX Coordinator of the victim’s or other parties request for confidentiality.

A Responsible Employee must promptly report to the Title IX Coordinator or the Coordinator’s designee incidents of sexual harassment, sexual assault, dating violence, stalking, or any other sexual misconduct defined in the TSUS Policy, provided:

- The employee is in the course and scope of employment, at the time the employee witnesses or receives information regarding the occurrence of sexual harassment, sexual assault, dating violence, stalking, or any other sexual misconduct defined in the TSUS Policy; and,

- The employee reasonably believes the incident constitutes sexual harassment, sexual assault, dating violence, stalking, or any other sexual misconduct defined in the TSUS Policy; and,

- The incident of sexual harassment, sexual assault, dating violence, stalking, or any other sexual misconduct defined in the TSUS Policy, was either committed by or against an enrolled student or an employee of the university at the time of the incident.

No report required. A person is not required to report an incident of sexual harassment, sexual assault, dating violence, or stalking or any other sexual misconduct defined in the TSUS Policy, to the Title IX Coordinator or Coordinator’s designee if:

- The person was the Victim of such conduct; or,

- The person received information due to a disclosure made at a public awareness event sponsored by a university or by a student organization affiliated with Texas State.

FULFILL YOUR DUTY TO REPORT

Employees and individuals required to respond on behalf of Texas State must comply with their obligation to report sexual assault, sexual misconduct, relationship violence, and stalking to their supervisor and the Office of Equal Opportunity and Title IX Office at 512-245-2539.

VICTIM BILL OF RIGHTS

The Campus Sexual Assault Victims’ Bill of Rights is a federal law that requires all colleges and universities participating in federal student aid programs to give sexual assault Victims certain basic rights. The following rights are provided in writing to the Victim:

- Victims shall be notified of their options to notify law enforcement.

- Accuser and accused must have the same opportunity to have others present.
• Both parties shall be simultaneously informed of the outcome of any disciplinary proceeding.
• Victims shall be notified of counseling services.
• Victims shall be notified of options for changing academic and living situations.

ASSISTANCE FOR VICTIMS: RIGHTS AND OPTIONS

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the university will assist victims of sexual assault, domestic violence, dating violence, and stalking. The university will provide each student and employee victim with a written explanation of their rights and options. Such written information will include:

• the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred;
• information about how the institution will protect the confidentiality of victims and other necessary parties;
• a statement that the institution will provide written notification to students and employees about victim services within the institution and in the community;
• a statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures (referred to as “supportive measures” in the TSUS Sexual Misconduct Policy); and
• an explanation of the procedures for institutional disciplinary action

The university has procedures in place that take into consideration the sensitivity of the matter for those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services on and/or off campus as well as additional remedies to prevent contact between a Complainant and an accused party, such as housing, academic, transportation, and work accommodations, if reasonably available. The victim will receive this information in writing of their rights and options including the right to notify law enforcement, option to attend counseling and seek medical attention, right to know the outcome of disciplinary proceedings, option to change academic and living situations, and right to have an advisor/advocate assist the victim. The university will coordinate accommodations, if the victim requests, and if they are reasonably available, regardless of whether the victim chooses to report the crime to Texas State UPD or local law enforcement.

According to Chapter 56A.001 of the Code of Criminal Procedure, “Victim” means a person who is the victim of the offense of sexual assault, kidnapping or aggravated robbery, trafficking of persons, or injury to a child, elderly individual or disabled individual or who has suffered bodily injury or death because of the criminal conduct of another; is the close relative of a deceased victim (spouse, parent, adult brother or sister, or child); or the “Guardian of a victim.” The law also applies to victims of juvenile crime, including victims who suffer property loss.

The State of Texas intends that victims of violent crimes receive the following safeguards, assurances and considerations: The Texas Constitution (Article I, Section 30) provides victims of violent crimes with the right, upon their request, to receive notice about court proceedings and the conviction, sentence, imprisonment and release of the accused. For more information about victim rights notification, visit https://texasattorneygeneral.gov/crime-victims/services-crime-victims/victim-notification-crime-victims or call VINE 24-hour information on jail status and court events: 1-877-894-8463.
Texas State will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased because of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

ASSISTANCE AND SUPPORT AVAILABLE TO VICTIMS

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Texas State University will provide written notification to students and employees about accommodations/supportive measures available to them, including academic, living, transportation, no contact directives and work situations. The written notification will include information regarding the accommodation/supportive measures options, available assistance in requesting accommodations, and how to request accommodations/supportive measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations/supportive measures).

At the victim’s request, and to the extent of the victim’s cooperation and consent, university offices will work collaboratively to ensure that the complainant’s health, physical safety, work and academic status are protected. For example, if reasonably available, a victim may be offered changes to academic, living or work situations in addition to counseling, health services, visa and immigration assistance and help notifying appropriate local law enforcement. To request changes to academic, living, transportation, work situations or protective measures, a victim may contact the Office of Equal Opportunity and Title IX at (512) 245-2539.

CONFIDENTIALITY

Victims may request that directory information on file with the university be withheld by requesting information be kept protected with the Office of Registrars at 512.245.5555.

Regardless of whether a victim has opted-out of allowing the university to share “directory information,” personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the Victim. Texas State does not publish the name of crime victims or other personally identifiable information regarding victims or complainants in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Clery Act. The daily crime log is available to the public and can be viewed at 60-Day Crime and Fire Log. Furthermore, if a Timely Warning Notice or an emergency notification is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, or any other Clery Act reportable crime, the name of the victim or complainant and other personally identifiable information will be withheld. Further, Texas State shall maintain as confidential any measures provided to the victim/complainant, to the extent allowed by law and to the extent that maintaining such confidentiality will not impair the ability to provide the accommodations/supportive measures. To allow students to report sexual assault without fear of recrimination, the university grants amnesty to employees and students for conduct violations (e.g., underage drinking or illegal drug use) if the individual witnesses or is victimized by a sexual assault incident that occurred in connection with a violation of the Code of Student Conduct.

WHO COULD I TALK TO?

If a victim chooses to report sexual assault, relationship violence, sexual misconduct, or stalking to the police, the police officer will need to obtain a statement describing the details of the crime.

An Emergency Response Team from Hays-Caldwell Women’s Center (HCWC) (24-hour crisis line: 512-396-4357) may be contacted to meet with victims at the emergency room upon request. This response must be initiated by the police at the emergency room. The Emergency Response Team counselors will talk with victims and inform them of their options involving counseling and emergency sheltering.

The Title IX Coordinator oversees the university’s response to reports and complaints of sex discrimination (including sexual assault, sexual misconduct, relationship violence, and stalking). The Title IX Coordinator can receive a complaint, provide information or answer
questions about the complainant’s rights or course of action available to them, and can answer questions about the university policies or procedures relating to sex discrimination.

WILL MY NAME BE IN THE REPORT?

When reporting to the police, a victim and other necessary parties may choose a pseudonym (fictitious name) and address to maintain confidentiality or a pseudonym will be assigned by Texas State UPD at the request of the victim or reporting party. There is a possibility that courtroom testimony may be required if the case goes to trial.

A completely anonymous report can be made to the university using the TSUS Compliance and Ethics Line at https://secure.ethicspoint.com/domain/media/en/gui/12867/index.html.

HOW THE UNIVERSITY RESPONDS TO REPORTS OF RELATIONSHIP VIOLENCE, SEXUAL ASSAULT, SEXUAL MISCONDUCT, OR STALKING

PROVIDING SUPPORT AND INFORMATION TO THE COMPLAINANT

Depending on when reported (immediate vs delayed report);

- Texas State will provide the complainant with information regarding options for seeking medical care as needed.
- Texas State will identify medical facilities with a Sexual Assault Nurse Examiner.
- Texas State will provide written information to complainant on how to preserve evidence.
- Texas State will assess immediate and ongoing safety needs of the complainant.
- Texas State will provide information to the complainant on how to request a temporary protective order through the appropriate county jurisdiction. Should a protective order be granted, it is the obligation of the university to enforce such orders.
- Texas State will assist the complainant with contacting local police if the complainant requests AND the complainant will be provided with contact information for the local police department.
- Texas State will provide the complainant with referrals to on and off-campus mental health providers.
- Texas State will assess the need to implement interim or long-term protective measures, such as housing changes, or a change in class schedule.
- Texas State may issue no contact directives to one or both parties.
- Texas State may issue a “notice of trespass” to the respondent prohibiting the respondent from being present on Texas State property if deemed appropriate.
- Texas State will provide a copy of the TSUS Sexual Misconduct Policy and inform the complainant regarding timeframes for investigation and resolution.
- Texas State will inform the complainant of the outcome of any investigation: If the respondent was found responsible or not, what sanctions were imposed and the complainant’s option to request a review of the outcome.
- Texas State will enforce its prohibition of retaliation and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.
- Texas State will assist both parties with supportive measures and accommodations such as assistance with academics, counseling, living arrangements, and visa and immigration status as appropriate.
TEXAS STATE’S PROCEDURES FOR RESPONDING TO A REPORT OF RELATIONSHIP VIOLENCE, SEXUAL ASSAULT, SEXUAL MISCONDUCT, OR STALKING

A Responsible Employee who receives a report of sexual misconduct must report to the Title IX Coordinator or the Coordinator’s designee, all relevant details about the alleged sexual misconduct shared by the victim or reporting party. A Responsible Employee shall share all information relevant to the investigation, and if applicable, redress of the incident, including whether an alleged victim or other necessary parties have expressed a desire for confidentiality in reporting the incident. A responsible employee should not share information with law enforcement without the victim or reporting parties’ consent unless the victim or reporting party has also reported the incident to law enforcement.

Before a victim or reporting party reveals any information to a Responsible Employee, the employee should ensure that the victim or reporting party understands the employee’s reporting obligations. If the victim or reporting party requests anonymity and confidentiality, direct the victim or reporting party to Title IX Confidential Sources.

If the victim or reporting party reports an incident to the Responsible Employee but also requests confidentiality or requests that the matter not be investigated, the employee should tell the victim or reporting party that the university will consider the request but cannot guarantee that the university will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the Responsible Employee will inform the Title IX Coordinator of the victim’s or other party’s request for confidentiality.

A Responsible Employee must promptly report to the Title IX Coordinator or the Coordinator’s designee incidents of sexual harassment, sexual assault, dating violence or stalking or any other sexual misconduct defined in the TSUS Policy, provided:

- The employee reasonably believes the incident constitutes sexual harassment, sexual assault, dating violence, or stalking or any other sexual misconduct defined in the TSUS Policy; and,
- The incident of sexual harassment, sexual assault, dating violence or stalking or any other sexual misconduct defined in the TSUS Policy, was either committed by or against an enrolled student or an employee of the university at the time of the incident.

A person is not required to report an incident of sexual harassment, sexual assault, dating violence, or stalking or any other sexual misconduct defined in the TSUS Policy, to the Title IX Coordinator or Coordinator’s designee if:

- The person was the victim of such conduct; or,
- The person received information due to a disclosure made at a public awareness event sponsored by a university or by a student organization registered with Texas State.

CONFIDENTIALITY

The identity of the following individuals is confidential and not subject to disclosure under the Texas Public Information Act unless such individual(s) waive nondisclosure in writing:

- An alleged victim of an incident of sexual harassment, sexual assault, dating violence or stalking;
- A person who reports an incident of sexual harassment, sexual assault, dating violence, or stalking;
- A person who sought guidance from Texas State concerning such an incident;
- A person who participated in Texas State’s investigation of such an incident; or
- A person who is alleged to have committed or assisted in the commission of sexual harassment, sexual assault, dating violence or stalking, provided that after completion of an investigation, Texas State determines the report to be unsubstantiated or without merit.

SUPPORTIVE MEASURES

When an incident of sexual misconduct is reported, Texas State will consider supportive measures (referred to as interim measures for Clery) while the incident is investigated and adjudicated.

The Title IX Coordinator or designee will determine and implement supportive measures as appropriate and necessary and to limit potential retaliation. Interim measures may include, but not be limited to:

- Counseling provided by a counselor who does not provide counseling to any other person involved in the incident, as long as the university employs a sufficient number of counselors;
- Extensions of deadlines or other course-related adjustments;
• Without any academic penalty, modifications of work or class schedules or assignments, including the option of dropping a course in which both Parties are enrolled;
• Campus escort or transportation services;
• Mutual restrictions on contact between the Parties;
• Changes in work or housing locations;
• Leaves of absence;
• Restrictions from specific activities or facilities; and,
• Increased security and monitoring of certain areas of the campus.

Orders of Protection. The university will honor any order of protection, no contact order, restraining order or similar lawful order issued by any criminal, civil, or tribal court.

Confidentiality of Supportive Measures. The university shall maintain as confidential any measures provided to the Complainant and/or Respondent, to the extent allowed by law and to the extent that maintaining such confidentiality will not impair the ability to provide the measures.

Emergency Removal. Emergency removal of an Employee or Student prior to a final decision in a Sexual Misconduct matter must comply with TSUS Rules and Regulations Chapters IV § 2.2(14), V § 2.131, and VI § 5.(14). A university may remove a Respondent from the university’s education program or activity on an emergency basis, provided that the university undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal and provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal. The removal challenge does not require a hearing and the burden is on the Respondent to show why the removal should be rescinded.

Administrative Leave. Nothing mentioned previously precludes a university from placing a non-student employee Respondent on administrative leave with or without pay during the pendency of the grievance or any judicial process.

Supportive Measures when Anonymity is Required. The university’s inability to take disciplinary action against an alleged Respondent because of a Complainant’s insistence on anonymity will not restrict the university’s ability to provide appropriate measures for the reasonable safety of the university community.

Unreasonable Burden. Supportive Measures may not impose an unreasonable burden on the other Party.

Failure to Adhere to Supportive Measures. Failure to adhere to the parameters of any Supportive Measures may be considered a separate violation of the TSUS Policy and may result in disciplinary sanctions.
Texas State complies with Texas law in recognizing orders of protection. Any person who obtains an order of protection from Texas should provide a copy to Texas State UPD and the Office of Equal Opportunity and Title IX (Title IX Coordinator, specifically). A complainant may then meet with Texas State UPD to develop a Safety Action Plan, which is a plan for campus police and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc. The university cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The university may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. If the university receives a report that such an institutional no contact order has been violated, the university will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the no contact order (please see charts below):

DEFINITIONS APPLICABLE TO TYPES OF PROTECTIVE ORDERS IN TEXAS

- **Family violence:** an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, sexual assault (including abuse) OR that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault or sexual assault. This does not include defensive measures to protect oneself.

- **Dating violence:** an act committed against a victim or applicant for a protective order with whom the actor has or had a dating relationship or because of the victim’s or applicant’s marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage and is intended to result in physical harm, bodily injury, assault or sexual assault or a reasonably based threat of same.

- **Dating relationship:** a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature, depending on the length, nature and frequency and type of interaction.

- **Household:** a unit composed of persons living together in the same dwelling, without regard to whether they are related to each other.

- **Sexual assault:** without consent, a person commits an offense when the person knowingly or intentionally causes the penetration of the anus or sexual organ of another person by any means; causes the penetration of the mouth of another person by the sexual organ of the actor; causes the sexual organ of another person to contact or penetrate the mouth, anus, or sexual organ of another person.

IMPORTANT DETAILS TO TYPES OF PROTECTIVE ORDERS IN TEXAS

- Peace Bonds are issued by Justice of the Peace Courts

- Restraining orders are used in divorce or child custody lawsuits in family law cases

- Magistrate’s Order for Emergency Protection are typically applied for by law enforcement when an arrest is made, if needed

- Other protective orders must be applied for through the County or District Attorney’s office

- All types require the victim or survivor to appear in court EXCEPT for Magistrate’s Order for Emergency Protection

- Most (but not all) types of protective orders require the respondent (the suspect) to be notified in person of the existence of the order before it can be criminally enforceable.

WHAT CAN A PROTECTIVE ORDER DO?

- Order the abuser to stay a specified distance away from addresses listed in the order, typically home and work.

- Order the abuser not to commit family violence

- Order the abuser not to threaten or harass you, or use another person to threaten or harass you

- Order the abuser to not possess any weapons

- Order the abuser not to remove or harm pets or companion animals

- The information is entered into a statewide database to make law enforcement aware

- Reconciliatory actions do not make the order invalid. That is, if a person is the respondent in a protective order and the victim or survivor asks the respondent to do something that is specifically prohibited (such as contact at a protected address), and law enforcement is made aware, an arrest must be made

- The victim or survivor cannot be arrested for violating the order, only the respondent

- Orders issued from another state may still be valid in Texas

SEX OFFENDER REGISTRATION – CAMPUS SEX CRIMES PREVENTION ACT

MEGAN’S LAW (COMMONLY KNOWN AS THE ADAM WALSH CHILD PROTECTION AND SAFETY ACT OF 2006)

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student. In Texas, convicted sex offenders must register with the Texas Department of Public Safety (TxDPS). This information can be found on the TxDPS website at https://www.dps.texas.gov/section/crime-records-service/texas-sex-offender-registration-program.

CAMPUS SECURITY POLICIES, CRIME PREVENTION AND SAFETY AWARENESS PROGRAMS

STUDENT BEHAVIOR ASSESSMENT TEAM

Texas State cares about our students’ success, not only academically, but emotionally and physically. Because of our commitment, we provide multiple departments and services across campus that cater to our students’ unique needs. But sometimes, students do not ask for help when they need it. In an effort to identify those students proactively, Texas State created a network of professionals across campus who are committed to a caring, confidential program of identification, assessment, and response in order to provide our students with the greatest chance of success and our community with the greatest level of protection. If you are concerned about someone being a threat to themselves or others, please contact 911 for emergencies. For non-emergencies, please go to https://sbat.dos.txst.edu/what-to-do.html.

The mission of the Student Behavior Assessment Team is to:

- Assist in protecting the health, safety and welfare of the students and members of the Texas State community
- Support student success
- Provide a comprehensive response to students whose behavior is disruptive to themselves or the educational environment

For more information, go to https://sbat.dos.txst.edu/

WEAPONS

The possession or use of a firearm, ammunition, illegal knives (knives with blades longer than five and one-half inches, hand instruments designed to cut or stab another by being thrown, stilettos, poniards, Bowie knives, swords, and/or spears), weapon or replica thereof on university property is prohibited, except as permitted by Texas Government Code Section 411.2031 – 411.2032, Texas Penal Code Section 46.035, Texas State University and the Texas State University System Rules and Regulations. For more information on “campus carry” regulations, see UPPS 01.04.45 Concealed Carry of Handguns by License Holders on University Premises.

INFORMATION REGARDING THE STUDENT CODE OF CONDUCT

Code of Student Conduct

Every student should read and become familiar with the Code of Student Conduct and policies on alcohol and other drugs that are published in the Texas State Student Handbook. The code and policies can be found at https://studenthandbook.txst.edu/.

Upon request, Texas State will provide a copy of the Code of Student Conduct in an alternative format to meet approved accommodations.

The Code of Student Conduct outlines the university’s policies for students relating to prohibited behaviors, including illicit drug possession or use, and the process used to resolve alleged violations of those policies.

Students: The university may impose disciplinary sanctions in accordance with the Regents’ Rules and the Code of Student Conduct, for conduct related to the use, possession, or distribution of alcohol or drugs in violation of state, federal, local law and/or prohibited by university or TSUS policy. Sanctions can include suspension, disciplinary probation, payment for damage to or misappropriation of property, suspension of rights and privileges, expulsion, or such other penalty as may be deemed appropriate under the circumstances.

MISSING STUDENT NOTIFICATION

Time is of the essence when a person is missing. The National Child Search Assistance Act allows police to report missing persons under 21 years of age to the National Crime Information Center and begin an investigation as soon as a missing person report is received. If you receive information that any student cannot be located, please contact Texas State UPD immediately at 512-245-2805.

REGISTERING INFORMATION

In accordance with the Higher Education Opportunity Act, Texas State University must develop and implement certain procedures to be followed when a resident in on campus student housing is determined to be missing for 24 hours. The procedures are specific to how a housing resident can register a confidential missing person contact and are explained below. This registration process applies only to the San Marcos Campus as the Round Rock and ALERRT Center campuses do not currently have student housing facilities.

Students living in the residence halls are asked annually to electronically designate someone as their confidential missing person contact. It is a required step when submitting their housing contract. Beyond that, depending on their level of participation, there are several opportunities where they are required to confirm or change the information: if they participate in room selection, move-in sign-up, and/or break housing sign-up. When students are informed of their option to provide a confidential contact, they are advised the registered information will be maintained confidentially to the extent permitted by law and will be accessible only to authorized campus officials. The university will not disclose the identity of the confidential contact except to law enforcement personnel in furtherance of a missing person investigation. The designated contact will be notified by Texas State University no later than 24 hours after the time the student is determined to be missing by the designated university officials authorized to make that determination (specifically, the Texas State UPD) or the local law enforcement agency in which the student went missing.

REPORTING A MISSING STUDENT

Suspected missing students should be reported immediately to Texas State UPD. If members of the Texas State University community believe a student has been missing for 24 hours, it is critical they report that information to Texas State UPD by calling 512.245.2805. Any individual who believes a student may or could be missing should contact a Campus Security Authority (CSA) regardless of the amount of time a student is believed to be missing. CSAs include Residence Directors, Resident Assistants, Assistant Directors of Residential Experience, Associate Directors of Residential Experience, Director of Residential Experience,
Executive Director of Housing and Residential Life, Associate Dean of Students, Greek Life Coordinator, Vice President for Student Success, or Texas State UPD. If a missing person is reported to any of these departments other than Texas State UPD, the department receiving the report will immediately contact Texas State UPD to report the missing person. Texas State will notify any missing student’s confidential contact, if provided, within 24 hours of the determination that the student is missing. In the event a student is under 18 years of age and not emancipated, Texas State will notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying the contact person designated by the student.

Students are advised that, for all missing students, Texas State will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

A student is determined to be missing when their whereabouts are unknown and unexplainable for a period of time that is regarded by knowledgeable parties as highly unusual or suspicious in consideration of the student’s behavior patterns, plans, or routines. Texas State personnel file a report with Texas State UPD in all cases when a student is determined to be missing for more than 24 hours.

PROCEDURES

All concerns regarding a student’s unexplained absence or lack of contact that is contrary to the student’s normal behavior and/or is unusual based on existing circumstances will be immediately investigated in an attempt to locate the student and confirm their safety.

An official Missing Person Report will be prepared and immediately delivered to campus police any time a resident student is determined to have been missing for more than 24 hours.

If Texas State UPD determines that any student who is the subject of a Missing Person Report has been missing for more than 24 hours, the following procedures will be followed:

1. If the student has designated a Missing Person contact, that person will be notified within 24 hours.
2. If the student is under 18 years of age and is not emancipated, notifying the student’s custodial parent or guardian and any other designated contact person within 24 hours.
3. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, informing the local law enforcement agency that has jurisdiction in the area that the student is missing within 24 hours.

CAMPUS SECURITY AWARENESS AND CRIME PREVENTION PROGRAMS

Preventing or reducing crime in any community is a tough task. Success in crime prevention and safety at Texas State depends in large part on the education and participation of the campus community. The campus community is provided information about safety programs and services, but individuals should be advised they are responsible for their own security and safety.

Texas State is committed to providing an environment conducive to an educational mission; thus, any conduct that is prohibited by state, federal, or local law is subject to discipline under the provisions of policies stated in the Texas State Policy Manual, TSUS Policy Manual, and Student Handbook, as appropriate. The university monitors and reports to law enforcement agencies illegal conduct of students, faculty, or staff on university premises or off-campus locations. In addition, university officials may refer any evidence of illegal activities to the proper local, state, or federal authorities for review and potential prosecution.

During the 2022-2023 academic year, Texas State UPD offered approximately 92 crime prevention and security awareness programs. Topics such as personal safety, residence hall security, drug and alcohol abuse awareness and sexual assault prevention are examples of programs offered during the prior academic year.

PERSONAL SAFETY AND CRIME PREVENTION PROGRAMS

Texas State provides new student and employee orientation sessions throughout the year. During these sessions, Texas State UPD provides a program designed to make community members aware of campus police and security procedures, awareness programs and crime prevention efforts, and practices (safety tips) to encourage students and employees to be responsible for their own security and security of others. Texas State UPD also coordinates with the Student Health Center to educate the campus community about how to handle disruptive students, the Clery Act, and Title IX.

Participants in these programs are asked to be alert, security-conscious and involved and advised to call Texas State UPD to report suspicious behavior. For additional questions regarding crime prevention, contact the department directly at 512.245.2805.

As part of the department’s community-oriented policing philosophy, Texas State UPD offers crime and safety prevention presentations to classrooms, campus clubs and student groups as requested. Topics of these presentations include personal safety awareness, alcohol awareness, civilian response to active shooter events, and identity theft. Anyone interested in having a Texas State UPD Officer speak to his or her classroom or group should contact them at 512.245.2805.

SAFETY AND SECURITY

Night Cats (previously known as Bobcat Bobbies): Are a safety escort service comprised of a team of students who are hired, trained, and equipped by Transportation Services to provide security escort services for the Texas State community on the San Marcos campus. This service is available Sunday from 6 p.m. to 10 p.m. and Monday – Thursday from 8:30 p.m. to 2 a.m. (limited service during summer sessions).

Emergency Phones: Blue-lit emergency phones have been placed at strategic locations on campus. When the red emergency button is pushed, the location of the call is automatically identified, and the caller is connected to Texas State UPD dispatch.

Student and new Employee Orientation: Texas State UPD presents safety information at all freshmen, transfer students, parent, and new employee orientations throughout the year.

- Provides information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence;
- Provides information regarding:
  - procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occurs
  - how the institution will protect the confidentiality of victims and other necessary parties (as described in “Assistance for Victims: Rights and Options” elsewhere in this document);
  - existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community (as described in “Assistance for Victims: Rights and Options” elsewhere in this document);

ALCOHOL POLICIES

Texas State promotes healthy, responsible living, respect for laws, campus regulations, the individual’s responsibility within the community, and the intellectual, social, emotional, ethical, and physical well-being of its community members. Texas State prohibits the illegal possession, use, and illegal sale of alcoholic beverages and enforces Texas underage drinking laws through the Texas State UPD. The legal drinking age in Texas is 21. Because a large percentage of Texas State students are not of legal drinking age, the university has established specific policies for the sale, purchase, service, and consumption of alcoholic beverages on university campuses and at university-sponsored events. These policies are found here: UPPS 05.03.03.

The Code of Student Conduct outlines the process and potential sanctions used to resolve alleged violations by students.

DRUGS AND INHALANTS

Texas State prohibits students and employee’s unlawful possession, use, sale or distribution of illicit drugs and alcohol on the institution’s property or as any part of the institution’s activities. Texas State UPD enforces both federal and Texas state laws pertaining to the illegal possession, use and sale of illicit drugs which includes volatile chemicals like those used as inhalants.

The Board of Regents’ Rules and Regulations, Chapter V, Section 4.51 states that a faculty member who, by a preponderance of evidence is found to have illegally possessed, used, sold, or distributed any drug, narcotic, or controlled substance, whether the infraction is found to have occurred on or off campus, shall be subject to termination, suspension or other discipline as determined by the University President or the President’s designee. That an employee is charged in a criminal case, or is found “not guilty” therein, shall
not be construed as prohibiting administrative enforcement of the Rules and Regulations. If, in the judgment of the President or the Board of Regents’, the best interests of the students, university, or Texas State system so dictate, the employee may be immediately removed from contact with students and other employees, pending resolution of disciplinary proceedings.

Employees are prohibited from the unlawful possession, use, or distribution of illegal drugs on all university property and as part of any official university activity under the Texas State University policy UPPS 04.04.48.

The Code of Student Conduct outlines the university’s policies for students relating to drugs and the process used to resolve alleged violations of those policies.

The Texas State Drug-Free Workplace Policy UPPS 04.04.45 and Drug-Free Schools & Community Act Policy UPPS 04.04.48 and Biennial Report are provided during the online onboarding process for new employees.

**SANCTIONS**

**Students:** The university may impose disciplinary sanctions as specified in the Regents’ Rules and the Code of Student Conduct, for conduct related to the use, possession, or distribution of alcohol or drugs prohibited by state, federal or local law or by university or TSUS policy. Penalties may include suspension, disciplinary probation, payment for damage to or misappropriation of property, suspension of rights and privileges, expulsion, or other penalty deemed appropriate under the circumstances.

**Employees:** The unlawful use, possession, or distribution of drugs or alcohol may result in a disciplinary penalty of warning or reprimand, suspension, reduction in pay, demotion, or discharge, depending on the circumstances.

b. Ensure that its disciplinary sanctions are consistently enforced.

STANDARDS OF CONDUCT REGARDING DRUGS AND ALCOHOL

University regulations prohibit any unlawful possession, use, distribution, or sale of alcohol and other drugs by university students, faculty, staff, or guests to the university, on university-owned property and at all university sponsored activities. Texas State will impose disciplinary sanctions on students and employees for violations of the standards of conduct and Texas State policies and appropriate sanctions, including but not limited to expulsion or termination of employment and referral for prosecution.

TEXAS STATE AND DRUG FREE SCHOOLS AND COMMUNITY ACT- HEALTH RISKS

Texas State is dedicated to developing and creating a community that is free from the illegal use of alcohol beverages and drugs. The success and development of all students is a priority at Texas State. We are dedicated to creating an environment that is safe and stimulating to the growth potential of every student.

We believe it is important to create this environment due to the health risks associated with consumption of alcohol including:

- Possibility of substance use disorder (formerly known as alcohol addiction)
- Consumption of alcohol, even in small amounts, has been shown to cause both liver and heart damage
- Working out and cardiovascular exercise after consuming alcohol can significantly increase heart and liver damage for up to 5 days
- Alcohol disrupts sleep and neurological rhythms vital to repair, growth, and healing
- About 97,000 students between 18-24 experience alcohol-related sexual assault or date rape
- 696,000 U.S. university students experience assault by another student who has been drinking
- Overdose can lead to neurological and/or physiological damage as well as death.

DRUG AND ALCOHOL PROGRAMS

Texas State is committed to education and prevention programs around the subjects of drugs and alcohol for student, faculty, and staff. Education and prevention programming as well as resources such as counseling and rehabilitation and recovery support can be found in the Texas State University Drug Free Schools and Communities Report as well as with the Student Health Center Health Promotion Services and Alcohol and Drug Compliance Services.

**HATE CRIMES**

There were no Hate Crimes reported for this campus in 2022, 2021, and 2020.

**UNFOUNDED CRIMES**

There were no Unfounded Crimes for this campus in 2022, 2021, and 2020.

* This campus does not have On-Campus Student Housing Facilities. Therefore, no Annual Fire Safety Report is published for this campus, and the Missing Student procedures do not apply to this campus.
FIRE SAFETY INFORMATION AND FIRE STATISTICS

The Clery Act requires institutions that provide on campus student housing to annually publish a Fire Safety Report. This Fire Safety Report only applies to the San Marcos Campus as the Round Rock and ALERRT Center campuses do not currently have student housing facilities.

Firefighting services are provided 24 hours a day by the San Marcos Fire Department for the Texas State campus. Environmental, Health, Safety, Risk and Emergency Management is responsible for the management, plan review, contractor supervision, service, inspection, and testing of the fire sprinkler systems, fire alarm systems, special hazard systems, kitchen suppression systems and fire extinguishers for all university owned and leased facilities. They also provide plan reviews and contractor supervision of new construction.

The Texas State University Fire Marshal conducts fire drills, life safety inspections of facilities and enforces state fire safety regulations in all university owned and leased facilities.

Texas State University maintains a daily fire log, which details any fires that occurred in on-campus student housing facilities. The log is available to the public and can be viewed at 60-day Crime and Fire Log located in the Pecan Building on the San Marcos Campus during normal business hours from 8:00 a.m. – 5:00 p.m., Monday through Friday, excluding holidays.

FIRE SAFETY EDUCATION AND FIRE DRILLS

Each Spring and Fall semester, every residence hall performs at least one fire drill to prepare and instruct residents on correct evacuation procedures. Residence hall fire drills are planned and executed by the Texas State Fire Marshal. A total of 49 supervised fire drills were performed in residence halls in the calendar year 2022. For students living in residence halls, the Texas State Housing and Residential Life Living on Campus Handbook provides an overview of campus housing policies, procedures, and standards. Included in the Living on Campus Handbook are general tips for resident safety, procedures to follow when reporting and responding to emergencies, general fire safety standards, and other safety guidelines for students living on campus.

PROCEDURES STUDENTS AND EMPLOYEES SHOULD FOLLOW IN CASE OF A FIRE

In the event of a fire, the university expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to contact 911 and the Texas State UPD. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, Texas State policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member’s only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay their exit from the building.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

Fire safety education meetings for students living in on-campus student housing are held at the beginning of each semester. These programs are designed to familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and provide information on the university’s fire safety policies. During these meetings, trainers emphasize that participating in fire drills is mandatory. Fire safety education and training programs are taught by local fire authorities or the Fire Marshal.

RESIDENCE HALLS

The Fire Marshal conducts housing fire drills and the RAs conduct safety checks of every resident room once a semester. When RAs conduct safety checks, they test smoke detectors, ensure the safe use of extension cords, and look for potential fire hazards such as candles, incense, appliances with exposed heating elements, or other items not approved by Housing. Items that pose a safety hazard will be confiscated.
FIRE RELATED POLICIES, PROCEDURES, AND PROGRAMS

SPECIFIC FIRE PREVENTION RELATED POLICIES AND PROGRAMS

The Fire Safety Program is designed to prevent or reduce property loss and injury from fire and explosions arising from storage, handling, and use of flammable and combustible substances, materials, and devices. The procedures incorporated into this policy are essential in promoting fire and life safety and enhancing university compliance with applicable state, local, and national fire and life safety standards.

1. Texas State Policy 04.05.02 Tobacco Policy states, Texas State University is committed to maintaining healthy and safe campuses in San Marcos and in Round Rock. The primary purpose of this policy is to establish university guidelines prohibiting smoking and the use of all tobacco products at the Texas State campuses in San Marcos and in Round Rock. Tobacco products include all types of tobacco, cigarettes, cigars, smokeless tobacco, electronic cigarettes, pipes, and hookahs.

2. Texas State Housing Contract: Authorized Entry states, “The Student must permit any authorized agent of the university to enter the assigned unit for the purpose of inspection and maintenance, and, if determined necessary, for the purpose of enforcing reasonable rules and regulations ensuring the safety, welfare and comfort of all students and the university. University staff may enter and search the Student’s unit without permission or consent of the Student if reasonable suspicion exists of violation of university policy, concerns about safety of the students or guests, or situations that may cause harm to others.

The Texas State Fire Marshal is responsible for managing programs to enhance the safety of the campus community while also maintaining compliance with applicable fire and life safety codes. These programs include:

- Conducting fire and life safety inspections of university buildings
- Assessing campus events to identify risks, implement control measures, mitigate potential injury to personnel and protect property
- Inspecting fire detection and fire suppression systems in buildings throughout the university campus, to reduce the potential for fire loss
- Correcting unsafe conditions or deficiencies to eliminate hazards that pose a risk to the campus community

Additional information can be found at: Living on Campus Handbook

GENERAL FIRE SAFETY STANDARDS IN RESIDENCE ROOMS

- Extension cords in the residence halls must have a UL label of approval.
- Use only one extension cord per outlet, and do not connect extension cords to each other (also known as daisy chained).
- Do not run electrical cords under rugs, over nails or through windows.
- Do not staple electrical cords to walls or otherwise pierce the cord.
- Do not hang objects from sprinkler heads.
- Do not tamper with or disable smoke detectors.
- Do not store or stack items within 18 inches of sprinkler heads.
- Do not cover more than 25 percent of the inside of your room door with paper or other decorative items.

FIRE EQUIPMENT

Fire and safety equipment must function properly when it is needed; therefore, the following acts are prohibited:

- Tampering or playing with fire extinguishers, smoke detectors, exit lights or emergency lights.
- Tampering with or pulling a fire alarm under false pretenses.
- Removing smoke detector batteries or otherwise rendering a smoke detector inoperative.
- Propping open stairwell fire doors or tampering with corridor fire doors (fire doors inhibit the travel of smoke, toxic gases, heat and fire from the area of origin).
- Obstructing halls and stairwells with furniture, debris and/or other items.

REPORTING EMERGENCIES

In an emergency or threat to person or property, dial 911 and give a clear description of the problem, your location (including hall, floor, and room) and your name.

Immediately following the call, please notify hall staff so they may be of additional assistance.

ELECTRICAL APPLIANCES

Electrical appliances must display the “Underwriters Laboratory” (UL) approval. They must not override the room or apartment electrical outlet. Some items not allowed are space heaters, air-conditioners, and halogen light fixtures.
COOKING APPLIANCES

Except for coffee makers and electric teapots, cooking appliances (including induction cook tops) are prohibited in individual residence hall rooms for safety and sanitation purposes. Small kitchen appliances are allowed in Bobcat Village apartments.

OPEN FLAMES AND FLAMMABLE ITEMS

Items with open flame capability, heating source or that are flammable are not allowed. This includes candles, wax or incense burners, as well as lighters, charcoal, and lighter fluid.

SMOKING

The Texas State campus is a tobacco-free campus. Tobacco use is not allowed inside or outside any residence hall, apartment, academic, student service or administrative building. All smoking paraphernalia and apparatus (shisha pipes, vapor and electronic cigarettes, hookahs) are prohibited in university housing.

EVACUATION PROCEDURES FOR RESIDENCE HALLS IN CASE OF A FIRE

In the event of an actual emergency or a periodic emergency drill, all residents and their guests are required to follow housing and university safety regulations and must evacuate the building. No one may return until given the “all-clear” by emergency responders or university officials.

Each residence hall has a specific designated location outside the building to meet during an evacuation known as an Evacuation Zone/Place of Refuge. Refer to Living on Campus Handbook pg. 37.

EVACUATION PROCEDURES

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. Do not attempt to fight a fire unless you have been trained to do so.
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary.
- Before opening, touch the door and doorknob. If either are hot, don’t open.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit;
- DO NOT USE ELEVATORS. Elevator shafts may fill with smoke or the power may fail, leaving you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.

CAMPUS FIRE REPORTING

In case of fire, call 911. Fires are reported through 911 or through Texas State UPD dispatch. In accordance with the Clery Act, Texas State is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Texas State also is required to keep a log of those fires, which can be found in Texas State UPD’s 60-Day Crime and Fire Log.

Listed below are the non-emergency numbers to call to report fires that have already been extinguished in any university building or property, including on-campus student residence facilities.

If you are unsure whether the Fire Marshal has been notified of a fire, you find evidence of a fire, or if you hear about a fire in a Texas State building or property, please contact one of the following:

- Texas State UPD Dispatch 512-245-2805
- Environmental, Health, Safety, Risk and Emergency Management 512-245-3616

Please be prepared to provide as much information as possible about the location, date, time, and cause of the fire, as well as any property damage that occurred and any injuries that may have resulted from the fire. All fires that occur must be reported as soon as possible, including minor fires not requiring emergency response.

If a member of the Texas State University community finds evidence of a fire that has been extinguished, and the person is not sure whether Texas State UPD or Environmental, Health, Safety, Risk and Emergency Management has already responded, the community member should immediately notify Texas State UPD at 512-245-2805 to investigate and document the incident for disclosure in the university’s annual fire statistics.

*The Fire Safety Report section only applies to the San Marcos Campus as the Round Rock and ALERRT Center campuses do not currently have student housing facilities.*

*San Gabriel Hall was changed to Elena Zamora O’Shea Hall in Fall 2021, Angelina Hall was changed to First Five Freedom Hall in Fall 2021, and Beretta Hall was changed to Mesquite Hall in Spring 2022. The hall order within the list was changed to alpha for the 2023 report to assist the community in locating their hall of interest.*

*Upon further review of Texas State records, we added the arson reported on page 64 to the fire statistics for 2022, Sterry Hall.*
